documents shall be provided to the DISTRICT in a format approved by the DISTRICT.

e. (4) Prepare coordination drawings signed by all MEP trades confirming mutual coordination to ensure that the DISTRICT receives a complete functional system. The ARCHITECT shall immediately notify the DISTRICT of adjustments in previous estimates of the Construction Cost arising from market fluctuations or approved changes in scope or requirements.

f. The ARCHITECT shall perform Construction Document Services to keep the PROJECT within all Program scope constraints set by the DISTRICT, as well as approved Budget, unless otherwise modified by written authorization by the DISTRICT.

g. As part of the ARCHITECT's professional services, ARCHITECT has coordinated the drawings on the PROJECT. It is suggested, but not mandatory, that ARCHITECT perform a clash detection review of the final Construction Documents prior to submission to DSA. However, if the Construction Manager, or Design Build entity performs a clash check, ARCHITECT shall work with the Construction Manager or Design Build entity to perform reasonable clash check resolution meetings and make revisions as necessary prior to DSA submission, during DSA review, and after DSA review (followed by CCD submission or Addenda submission to document any necessary changes).

h. When the Construction Documents are fully coordinated and the quality control review is completed, ARCHITECT shall notify the DISTRICT that the 100% complete Construction Documents are ready for third party review. ARCHITECT shall cooperate with DISTRICT in submitting the Construction Documents to a third party for review and shall incorporate agreed upon third party review comments into the Construction Documents prior to submitting the documents to DSA. ARCHITECT to include with the review set a comprehensive utility plan that indicates all underground utilities overlaid with Landscape plan and indicate other obstructions such as light poles, fence posts, flag pole, etc. If any review comment is rejected by ARCHITECT and a change order is later required to resolve a deficiency in the Construction Documents that would have been addressed by the rejected review comment, ARCHITECT shall be liable for all expense of the change order.

i. If the estimated PROJECT Construction Cost exceeds the Budget, the ARCHITECT shall make all necessary design revisions at no cost to the DISTRICT to comply with the Budget and scope set by the DISTRICT in conformance with Articles V and VI, unless otherwise modified by written authorization of the DISTRICT.

j. After all back-check comments have been received from DSA and incorporated into the Construction Documents by the ARCHITECT, both the

ARCHITECT and DISTRICT (through a third party estimator) will prepare their respective Construction Cost estimates. The PARTIES shall meet to reconcile their respective estimates if they are different and agree on a final Construction Cost estimate based upon the final Construction Documents.

**27. Storm Water Pollution Prevention Plan (SWPPP)**

ARCHITECT acknowledges that all California school districts are now obligated to develop and implement the following storm water requirements, without limitation:

- a. A municipal Separate Storm Sewer System (MS4). An MS4 is a system of conveyances used to collect or convey storm water, including, without limitation, catch basins, curbs, gutters, ditches, man-made channels, and storm drains.
- b. A Storm Water Pollution Prevention Plan (SWPPP) at:
  - (1) Sites where DISTRICT engages in maintenance (e.g., fueling, cleaning, repairing) of transportation activities;
  - (2) Construction sites where one or more acres of soil will be disturbed or where each Project is part of a larger common plan of development that disturbs one or more acres of soil.

ARCHITECT shall conform its design work with DISTRICT's storm water requirements indicated above, that are approved by DISTRICT and applicable to the Project, at no additional cost to DISTRICT. In addition, as required, ARCHITECT shall develop a grading and drainage plan and a site plan from architectural information showing a final development of the site. This drawing will also include a horizontal and vertical control plan and a utility infrastructure plan. The Services described in this Article shall be provided by a professional civil engineer who contracts with or is an employee of ARCHITECT. DISTRICT, at its sole discretion, may pay ARCHITECT for Additional Services to comply with this provision if the Services required are in excess of those normally required for services of the type in this Agreement.

**28. Bidding & Award Phase**

a. The ARCHITECT, following the DISTRICT's approval of the Construction Documents, shall assist the DISTRICT in obtaining bids and awarding the Contract for the construction of the PROJECT.

b. The ARCHITECT shall prepare all the necessary bidding information and bidding forms required to bid the PROJECT. The ARCHITECT shall also assist the DISTRICT with the preparation of the Contractor's Contract form, the general conditions, the supplementary conditions, and all other contract documents necessary to bid the PROJECT and award a complete Contract to the lowest responsible responsive bidder. The DISTRICT will provide the standard general conditions and supplementary conditions that must be incorporated into the Contract with the Contractor. The ARCHITECT shall review the general conditions, supplementary conditions, and all other contract

documents provided by the DISTRICT for incorporation into the Contract with the Contractor and shall coordinate such documents with all other Construction Documents that are prepared by the ARCHITECT pursuant to this AGREEMENT. The ARCHITECT's coordination obligations under this Section include, but are not limited to, verifying that any and all bid instructions and requirements set forth in the specifications prepared by the ARCHITECT are also set forth in the Instructions to Bidders and the Bid Form that are distributed to the bidders in connection with the PROJECT. The ARCHITECT shall prepare and sign all written Addendums that are necessary to incorporate changes into the DSA approved Construction Documents prior to the award of the PROJECT. The ARCHITECT shall assist the DISTRICT in distributing all Addendums to each bidder that has obtained a set of the DSA approved Construction Documents. The ARCHITECT shall ensure that all Addendums are submitted to and approved by DSA prior to certification of the PROJECT.

c. The ARCHITECT shall deposit a reproducible set of Construction Documents including, but not limited to, all drawings and specifications for the PROJECT at a reprographics company specified by the DISTRICT for the bid and for printing of additional sets of the DSA approved Construction Documents during the PROJECT. In accordance with the requirements of this Section, the ARCHITECT shall forward all plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer files and/or BIM files) prepared by the ARCHITECT or the ARCHITECT's consultants during the course of the PROJECT to the reprographics company specified by the DISTRICT at no additional cost to the DISTRICT. The DISTRICT may request that such documents be delivered to the reprographics company selected by the DISTRICT in CADD, PLOT, TIFF or other format approved by the DISTRICT. In addition, the ARCHITECT shall provide the DISTRICT with a BIM format diskette file with all layers unprotected so the DISTRICT may utilize with a Construction Manager or Design Build entity. It is expressly understood that the release of the underlying BIM documents is for the limited use only for the PROJECT (unless otherwise agreed to in writing) and that changes that are made to the underlying BIM documents are not the responsibility of ARCHITECT. For documentation purposes, one record set of the transmitted documents shall be placed on a CD (or other acceptable electronic media) properly labeled as the record set of documents transmitted to the DISTRICT. Reasonable costs for producing this record document shall be reimbursed to the ARCHITECT and ARCHITECT's consultants. ARCHITECT is also advised to make a record set of clash detection checks to record the clashes that are encountered on the set of documents distributed for future record purposes and this clash detection shall also be placed on the CD. This clash detection document is not a requirement but simply recommended.

d. Upon the DISTRICT's request, the ARCHITECT shall recommend an acceptable plan room, or blueprinting shop, or, in the alternative, ARCHITECT shall print the necessary bidding information, Contract forms, general conditions, supplementary general conditions and all other Construction Documents

necessary to bid the PROJECT and award a complete Contract to a successful bidder and shall deliver/distribute such printed copies to all interested bidders.

e. The ARCHITECT shall make subsequent revisions to drawings, specifications, and other DSA approved Construction Documents that result from the approval of any substitution request, RFI, or submittal. All Revisions shall be prepared in writing and signed by the ARCHITECT. The ARCHITECT shall ensure that all Revisions are submitted to and approved by DSA prior to certification of the PROJECT.

f. If the lowest bid exceeds the Budget for the PROJECT by more than 5%, the ARCHITECT, in consultation with, and at the direction of, the DISTRICT, shall provide such modifications in the Construction Documents as necessary to bring the cost of the PROJECT within its Budget as set forth in Articles V and VI., and shall perform a revised 100% Construction Document Estimate of the PROJECT Construction Cost and submit it to DISTRICT for review.

## **29. Construction Phase**

(1) Contract Information Form DSA-102.

(2) Inspector Qualification Record Form DSA-5 should be submitted 10 days prior to the time of starting construction.

b. The Construction Phase will commence with the award of the Construction Contract to Contractor.

c. The ARCHITECT shall reproduce five (5) sets of Construction Documents and all progress prints for the DISTRICT's and the DISTRICT's consultant's use at the ARCHITECT's expense.

d. The ARCHITECT shall provide technical direction to a full-time Project Inspector employed by, and responsible to, the DISTRICT, as required by applicable law. The ARCHITECT shall direct and monitor the work of the Laboratory of Record as required by applicable law and provide code required supervision of Special Inspectors not provided by the Laboratory of Record. Upon the DISTRICT's award of a Construction Contract to the Contractor, the ARCHITECT shall obtain the necessary Project Inspection Cards ("PIC") (Form DSA 152) from the DSA that are needed for the Project Inspector's use in approving and signing off work on the PROJECT as it is completed by the Contractor. The ARCHITECT shall verify that the Project Inspector has the appropriate amount of PIC's that are needed for the inspection and completion of the entire PROJECT prior to the commencement of any work by the Contractor on the PROJECT. The ARCHITECT shall provide the Project Inspector,

Laboratory of Record and each Special Inspector with a copy of the DSA approved Construction Documents including, but not limited to, the approved Statement of Structural Tests and Special Inspections (Form DSA 103) prior to the commencement of any work on the PROJECT at the ARCHITECT's expense.

e. The ARCHITECT shall meet with the Project Inspector, DISTRICT, Contractor, Laboratory of Record and Special Inspectors as needed throughout the completion of the PROJECT to verify, acknowledge and coordinate the testing and special inspection program required by the DSA approved Construction Documents.

f. The ARCHITECT shall prepare Interim Verified Reports (Form DSA 6-AE) and submit such Interim Verified Reports to DSA, the Project Inspector and the DISTRICT prior to the Project Inspector's approval and sign off of any of the following sections of the PROJECT's PIC's as applicable:

- (1) Initial Site Work;
- (2) Foundation;
- (3) Vertical Framing;
- (4) Horizontal Framing;
- (5) Appurtenances;
- (6) Non-Building Site Structures;
- (7) Finish Site Work;
- (8) Other Work; or
- (9) Final.

If the ARCHITECT has delegated responsibility for any portion of the PROJECT's design to other engineers, the ARCHITECT shall ensure that such engineers submit the necessary Interim Verified Reports (Form DSA 6-AE) to DSA, the Project Inspector and the DISTRICT during the course of construction and prior to the Project Inspector's approval and sign off of the above sections of the PIC's as they relate to the portions of the PROJECT that were delegated to such engineers.

g. The ARCHITECT shall be responsible for reviewing and ensuring, on a monthly basis, that the Contractor is maintaining an up-to-date set of as-built documents which will be furnished to the DISTRICT upon completion. The ARCHITECT shall review the as-built documents prepared by the Contractor on a monthly basis and report whether they appear to be up to date, based upon the ARCHITECT's observations of the PROJECT. If it appears the as-built documents are not being kept up to date by the Contractor, the ARCHITECT shall recommend to the DISTRICT, in writing, an appropriate withholding from the Contractor's monthly payment application to account for the Contractor's failure to maintain such as-built documents.

h. The ARCHITECT will endeavor to secure compliance by Contractor with the Contract requirements, but does not guarantee the performance of the Contractor's Contract.

i. The ARCHITECT shall provide general administration of the Construction Documents including, but not limited to, the following:

(1) Visiting the PROJECT site to maintain such personal contact with the PROJECT as is necessary to assure the ARCHITECT that the Contractor's work is being completed, in every material respect, in compliance with the DSA approved Construction Documents (in no case shall the number of visits be less than once every week or as necessary to observe work being completed in connection with each block/section of a PIC so the ARCHITECT can verify that the work does or does not comply with the DSA approved Construction Documents, whichever is greater) in order to:

i. Become familiar with, and to keep the DISTRICT informed about, the progress and quality of the portion of the work completed and for the preparation of the weekly written reports the ARCHITECT will prepare and submit to the DISTRICT for its review;

ii. Become familiar with, and to keep DSA and Project Inspector informed about, the progress and quality of the portion of the work completed and for the preparation of the necessary Interim Verified Reports the ARCHITECT will prepare and submit to DSA and Project Inspector as necessary for the timely inspection of the PROJECT and for the approval and sign off of each block/section of the PIC's during the course of the PROJECT's construction;

iii. Endeavor to guard against nonconforming work and deficiencies in the work;

iv. Determine if the work is being performed in a manner indicating that the work, when fully completed, will be in accordance with the approved DSA Construction Documents;

v. Attend weekly on-site construction meetings, and being otherwise available to the DISTRICT and the Project Inspector for site meetings on an "as-needed" basis;

vi. Examine Contractor applications for payment and to issue certificates for payment in amounts approved by the necessary parties; and

vii. Verify, at least monthly, in coordination with the Project Inspector, that all as-built documents are being updated pursuant to the Contract between the DISTRICT and the Contractor.

(2) Making regular reports as may be required by all governmental agencies or authorities having jurisdiction over the PROJECT;

(3) Reviewing schedules and shop drawings for compliance with design;

(4) Approving substitution of materials, equipment, and the laboratory reports thereof for conformance to the DISTRICT's standards subject to DISTRICT knowledge and approval;

(5) Responding to DSA field trip notes;

(6) Preparing Construction Change Documents for approval by DSA;

(7) Preparing Immediate Change Directives as directed by the DISTRICT;

(8) Preparing change orders for written approval by the DISTRICT;

(9) Making Punch List observations when the PROJECT reaches Substantial Completion;

(10) Determining date of Substantial Completion and the date of final completion of the PROJECT;

(11) Providing a color schedule of all materials for the PROJECT for the DISTRICT's review and approval;

(12) Assembling and delivering to the DISTRICT written guarantees, instruction books, diagrams, charts, and as-built documents that will be provided by the Contractor pursuant to the Contract between the DISTRICT and the Contractor;

(13) Issuing the ARCHITECT's Certificate of Substantial Completion, Certificate of Completion and final certificate for payment; and

(14) Providing any other architectural services to fulfill the requirements of the Construction Documents and this AGREEMENT.

j. ARCHITECT shall provide the DISTRICT with written reports, as necessary, to inform the DISTRICT of any problems arising during construction, changes contemplated as a result of each problem, and the progress of work.

k. The ARCHITECT, as part of the ARCHITECT's Basic Services, shall advise the DISTRICT of any deficiencies in construction following the acceptance of the work and prior to the expiration of the guarantee period of the PROJECT.

l. The ARCHITECT shall be the interpreter of the requirements of the Construction Documents and advise the DISTRICT as to the performance by the Contractor thereunder.

m. The ARCHITECT shall make recommendations to the DISTRICT on claims relating to the execution and progress of the work and all matters and questions relating thereto. The ARCHITECT's recommendations in matters relating to artistic effect shall be consistent with the intent of the Construction Documents.

n. The ARCHITECT shall advise the DISTRICT to reject work which does not conform to the Construction Documents. The ARCHITECT shall promptly inform the DISTRICT whenever, in the ARCHITECT's opinion, it may be necessary to stop the work to avoid the improper performance of the AGREEMENT. The ARCHITECT has authority to require additional inspection or testing of the work in accordance with the provisions of the Construction Documents, whether work is fabricated, installed, or completed.

o. The ARCHITECT shall not issue orders to the Contractor that might commit the DISTRICT to extra expenses, or otherwise amend the Construction Documents, without first obtaining the written approval of the DISTRICT.

p. The ARCHITECT shall be the DISTRICT's representative during construction and shall advise and consult with the DISTRICT. The ARCHITECT shall have authority to act on behalf of the DISTRICT only to the extent provided in this AGREEMENT, unless otherwise modified in writing.

q. The ARCHITECT shall prepare all documents and/or drawings made necessary by errors and omissions in the originally approved drawings or specifications, and such modifications therein as may be necessary to meet unanticipated conditions encountered during construction, at no additional cost or expense to the DISTRICT. In addition, the ARCHITECT shall, at no additional cost, provide services made necessary by defect or deficiencies in the work of the Contractor which, through reasonable care, should have been discovered by the ARCHITECT and promptly reported to the DISTRICT and Contractor, but which ARCHITECT failed to do.

r. The ARCHITECT shall examine, verify, and approve the Contractor's applications for payment and issue certificates for payment for the

work and materials provided by the Contractor which also reflect the ARCHITECT's recommendation as to any amount which should be retained or deducted from those payments under the terms of the Construction Documents or for any other reason. The ARCHITECT's certification for payment shall constitute a representation to the DISTRICT, based on the ARCHITECT's observations and inspections at the site, that the work has progressed to the level certified, that quality of the work is in accordance with the DSA approved Construction Documents, that the as-built documents are up to date, and that the Contractor is entitled to payment in the amount certified.

s. The ARCHITECT shall review and approve, or take other appropriate action, upon the Contractor's submittals of shop drawings, product data, and samples for the purpose of checking for conformance with the Construction Documents. The ARCHITECT's actions shall not delay the work, but should allow for sufficient time, in the ARCHITECT's professional judgment, to permit adequate review. The ARCHITECT shall forward all approved equals/substitutions to be reviewed and approved by DISTRICT prior to releasing to Contractor. The ARCHITECT shall ensure that all deferred approval submittals are resolved and approved by DSA prior to certification of the PROJECT.

t. After the PROJECT has been let, all changes to the DSA approved Construction Documents shall be made by means of a Construction Change Document ("CCD") unless otherwise approved by the DISTRICT in writing. The ARCHITECT shall be responsible for preparing each CCD related to the PROJECT and shall determine which changes affect the Structural, Access or Fire & Life Safety (collectively "SAFLS") portions of the PROJECT and ensure that such changes are documented and implemented through a written CCD-Category A (Form DSA 140). All CCD-Category A's must be submitted to DSA by the ARCHITECT with all supporting documentation and data and must be approved by DSA before such work can commence on the PROJECT. The ARCHITECT shall obtain the DISTRICT's approval of all CCD-Category A's before they are submitted to DSA for review and approval. All other changes to the DSA approved Construction Documents not involving SAFLS portions of the PROJECT are not require to be submitted to DSA unless DSA specifically requires such changes to be submitted to DSA in the form of a written CCD-Category B (Form DSA 141) inclusive of all supporting documentation and data. Changes that are not determined by the ARCHITECT and/or DSA to require documentation through an approved CCD-Category A or CCD-Category B shall be documented through an alternative CCD form or other document approved by the DISTRICT.

u. The ARCHITECT shall prepare and issue Immediate Change Directives ("ICD") to the Contractor when directed by the DISTRICT to complete the work that is necessary due to the Contractor's failure to complete the PROJECT in accordance with the DSA approved Construction Documents. The ARCHITECT shall provide the Project Inspector with a copy of the ICD and direct

the Project Inspector to inspect the work as it is completed in accordance with the ICD.

v. All changes to the DSA approved Construction Documents, whether set forth in a CCD, ICD or any other document approved by the DISTRICT, shall be incorporated into change orders by the ARCHITECT for the DISTRICT's approval. Each change order shall identify: (1) the description of the change in the work; (2) the amount of the adjustment to the Contractor's Contract sum, if any; and (3) the extent of the adjustment in the Contractor's Contract Time, if any. The ARCHITECT shall prepare change orders, with supporting documentation and data, for the DISTRICT's review in accordance with the Construction Documents, and may authorize minor changes in the work not involving an adjustment in the contract sum or an extension of time. The ARCHITECT shall evaluate and make written recommendations regarding Contractor's proposals for possible change orders.

w. The ARCHITECT shall, at the ARCHITECT's expense, prepare a set of reproducible record drawings showing significant changes in the work made during construction based on the marked-up prints, drawings and other data furnished by the Contractor to the ARCHITECT.

x. The ARCHITECT shall inspect the PROJECT to determine the date or dates of Substantial Completion and final completion. The ARCHITECT shall receive and forward to the DISTRICT for the DISTRICT's review all written warranties and related documents required by the Construction Documents, and issue a final certificate for payment upon Contractor compliance with the requirements of the Construction Documents. In the event the approved schedule for the PROJECT has been exceeded due to the fault of the Contractor, the ARCHITECT shall issue a written notice to the DISTRICT and the Contractor evaluating the cause of the delay(s) and shall advise the DISTRICT and the Contractor of the commencement of liquidated damages under the Contract between the DISTRICT and Contractor.

y. The ARCHITECT shall provide written evaluation of the Contractor's performance under the requirements of the Construction Documents when requested in writing by the DISTRICT. When the ARCHITECT has actual knowledge of any defects, errors, or deficiencies with respect to the Contractor's performance on the PROJECT, the ARCHITECT shall provide the DISTRICT and the Contractor with written notification of such defects, errors, or deficiencies.

z. The ARCHITECT shall:

(1) Review all requests for information ("RFI"), submittals, and substitution requests that are submitted by the Contractor in connection with the PROJECT;

(2) Determine the data criteria required to evaluate requests for substitutions; and

(3) Be responsible for ensuring that all RFI's, submittals and substitution requests by the Contractor are responded to not later than fourteen (14) days, or as soon as the circumstances require.

aa. The ARCHITECT shall be responsible for gathering information and processing forms required by any applicable governing agencies and/or authorities having jurisdiction over the PROJECT including, but not limited to, the County Health Department, the local building departments, local fire departments, the OPSC, and DSA, in a timely manner and ensure proper close-out of the PROJECT.

bb. The ARCHITECT shall obtain the DISTRICT's approval of all CCD immediately following the request for such changes by the Contractor or upon any other circumstances necessitating a change. Furthermore, the ARCHITECT shall maintain a log of all CCD's, ICD's change orders or any other DISTRICT approved form documenting changes to the DSA approved Construction Documents (the "Changes Log"), including status, for the DISTRICT's review and approval. The ARCHITECT shall submit the Changes Log to the DISTRICT with its monthly invoice. Submission of the Changes Log is a requirement for payments to the ARCHITECT during the course of construction.

cc. The ARCHITECT shall evaluate and render written recommendations within a reasonable time on all claims, disputes, or other matters at issue between the DISTRICT and Contractor relating to the execution or progress of the work as provided in the Contract between the DISTRICT and the Contractor. Under no circumstances should this evaluation take longer than 20 calendar days from the date the claim is received by the ARCHITECT.

dd. The ARCHITECT shall provide assistance in the utilization of equipment or systems such as testing, adjusting and balancing, preparation of operation and maintenance manuals, training personnel for operation and maintenance and consultation during operation.

ee. The ARCHITECT shall review the list of minor defects, deficiencies, and/or incomplete items (hereinafter the "Punch List") and the fully executed Verified Report (Form DSA-6) that are submitted to the DISTRICT by the Contractor when the Contractor considers the PROJECT to be Substantially Complete. The ARCHITECT shall inspect the PROJECT, in conjunction with the Contractor, in order to verify the Contractor's Punch List, add any other items to the Punch List and to confirm that Substantial Completion has been reached on the PROJECT. In the event the Contractor does not submit a fully executed Verified Report with its proposed Punch List, the ARCHITECT shall reject the Contractor's Punch List, in writing, as premature. If Substantial Completion of the PROJECT is verified by the ARCHITECT and the required Verified Report

has been submitted to the DISTRICT for review, the ARCHITECT shall finalize the Punch List and notify the Contractor in writing that all Punch List items must be corrected prior to acceptance of the PROJECT and final payment, and that all Punch List items must be completed within the duration set forth in the Contract between the DISTRICT and the Contractor. The DISTRICT shall also be notified in writing of all Punch List items identified by the ARCHITECT and the Contractor. The ARCHITECT shall notify the DISTRICT when all Punch List items have been corrected by the Contractor for the DISTRICT's final acceptance of the PROJECT and final payment. In the event the Contractor fails to correct any Punch List item(s) within the duration set forth in the Contract between the DISTRICT and the Contractor, the ARCHITECT shall inform the DISTRICT of such default and provide the DISTRICT with a reasonable valuation of the cost to correct each outstanding Punch List item for deduction from the Contractor's final payment and/or retention. For purposes of this AGREEMENT, "Substantial Completion" shall mean the following four (4) conditions have been met: (1) all contractually required items have been installed with the exception of only minor and incomplete items on the Punch List; (2) All Fire/Life Safety Systems have been installed, and are working and signed off on the DSA Form 152 Inspection Card; (3) all building systems including mechanical, electrical and plumbing are functioning; and (4) the PROJECT is fit for occupancy and its intended use.

ff. Once the ARCHITECT has verified the Substantial Completion of the PROJECT, the ARCHITECT shall issue a Certificate of Substantial Completion to the Contractor and the DISTRICT. Upon the issuance of the Certificate of Substantial Completion, the ARCHITECT shall prepare and submit to DSA, Project Inspector and the DISTRICT a written Verified Report, on Form DSA 6AE, pursuant to Section 4-336 of Title 24 of the California Code of Regulations. The ARCHITECT shall also submit a signed Verified Report to DSA, Project Inspector and the DISTRICT upon any of the following events:

- (1) Work on the PROJECT is suspended for a period of more than one month;
- (2) The services of the ARCHITECT are terminated for any reason prior to the completion of the PROJECT;
- (3) DSA requests a Verified Report.

gg. The ARCHITECT and its consultants shall verify that all defective, deficient, or incomplete work identified in any Notice(s) of Deviation or similar notice(s) issued by the ARCHITECT, Project Inspector, Special Inspector(s), Laboratory of Record and/or any governmental agency or authority, is fully corrected and closed before the ARCHITECT approves any final Punch List by the Contractor. As part of the ARCHITECT's Basic Services under this Section, the ARCHITECT shall direct the applicable Inspectors, Special Inspectors, and/or engineers on the PROJECT to visually verify that each defective, deficient and/or

incomplete item of work referenced in each Notice of Deviation have been rectified and closed prior to the approval of the final Punch List and the issuance of any Certificate of Substantial Completion by the ARCHITECT. In the event the ARCHITECT and/or its consultants fail to verify that such work has been corrected by the Contractor before the ARCHITECT approves the final Punch-List and such work has in fact not been corrected, the ARCHITECT shall be responsible for performing all the architectural and/or engineering services necessary, at no additional cost to the DISTRICT, to ensure such open and outstanding items in the Notice(s) of Deviation are addressed accordingly and that all work related to such notices is corrected in a manner acceptable to the DISTRICT and DSA.

### **30. Project Close-Out**

a. Within thirty (30) days after the completion of the PROJECT's construction and the ARCHITECT's receipt of as-built documents from the Contractor, ARCHITECT will review the as-built documents prepared by the Contractor and revise the record drawings and specifications so that they include all material changes made necessary by CCD's, ICD's, change orders, RFI's, change order requests ("COR's"), Bulletins, clarifications as noted by the Contractor in its as-built documents and/or any other DISTRICT approved document which details the changes that were made to the DSA approved Construction Documents. The ARCHITECT shall incorporate such changes into a complete AutoCAD as-built file, in the original, executable, software format, and PDF files, and provide all such documents, including five (5) hard copies, to the DISTRICT at no additional cost. In the event the Contractor fails to provide its as-built documents within 30 days of the PROJECT's completion, the ARCHITECT shall notify the DISTRICT, in writing, of the Contractor's failure and recommend the appropriate withholding from the Contractor's final payment under the Contract with the DISTRICT.

b. The ARCHITECT shall assist the DISTRICT in securing the delivery of any and all applicable documents described in Sections c and d below, to DSA for review prior to issuance of a "Certificate of Completion." The ARCHITECT shall submit all documents prepared by, or in control of, the ARCHITECT to DSA without delay.

c. During the period the PROJECT is under construction, the ARCHITECT shall certify that the following documents have been submitted to DSA:

- (1) Copies of the Project Inspector's semi-monthly reports;
- (2) Copies of the laboratory reports on all tests or laboratory inspections as returned and done on the PROJECT;

(3) Copies of all the necessary PIC's which have been approved and signed off by the Project Inspector for the certification by DSA; and

(4) All other documents required to be submitted to DSA in accordance with Title 24 and the Construction Oversight Process Procedure set forth in DSA's PR 13-01.

The ARCHITECT shall notify the DISTRICT, in writing, if any of the above forms are not promptly submitted to DSA by the responsible parties. If necessary, the ARCHITECT shall assist the DISTRICT in obtaining the delivery of the above documents to DSA.

d. Upon the completion of all construction, including all Punch List items, the ARCHITECT shall assist the DISTRICT in securing the delivery of the following documents to DSA:

(1) Copy of the Notice of Completion.

(2) Final Verified Report Form DSA-6A/E certifying all work is 100% complete from the ARCHITECT, structural engineer, mechanical engineer, and electrical engineer.

(3) Final Verified Report Form DSA-6 certifying all work is 100% complete from the Contractor or Contractors, Project Inspector, and Special Inspector(s).

(4) Verified Reports of Testing and Inspections as specified on the approved drawings and specifications, i.e., Final Laboratory Report, Welding, Glued-Laminated Timber, etc.

(5) Weighmaster's Certificate (if required by approved drawings and specifications).

(6) Copies of the signature page of all Addenda as approved by DSA.

(7) Copies of the signature pages of all deferred approvals as approved by DSA.

(8) Copies of the signature pages of all Revisions as approved by DSA.

(9) Copies of the signature page of all applicable Construction Change Documents as approved by DSA.

(10) Verification by the Project Inspector that all items noted on any "Field Trip Notes" have been corrected.

The ARCHITECT shall notify the DISTRICT, in writing, if any of the above items are not promptly submitted to the ARCHITECT and/or the DISTRICT by the responsible parties for submittal to DSA. If necessary, the ARCHITECT shall assist the DISTRICT in obtaining the above documents for delivery to DSA.

### **ARTICLE III - ADDITIONAL ARCHITECT'S SERVICES**

1. The ARCHITECT shall notify the DISTRICT in writing of the need for additional services required due to circumstances beyond the ARCHITECT's control ("Additional Services"). The ARCHITECT shall obtain written authorization from the DISTRICT before rendering Additional Services. Compensation for all valid Additional Services shall be negotiated and approved in writing by the DISTRICT before such Additional Services are performed by the ARCHITECT, and compensated based on hourly rates listed in Exhibit "D". No compensation shall be paid to the ARCHITECT for any Additional Services that are not previously approved by the DISTRICT in writing. Additional Services may include:

a. Making material revisions in drawings, specifications or other documents when such revisions are required by the enactment or revision of laws, rules, or regulations subsequent to the preparation and completion of the Construction Documents;

b. Preparing drawings, specifications and other documentation and supporting data, and providing other services in connection with change orders required by causes beyond the control of the ARCHITECT which are not the result of the direct or indirect negligence, errors, or omissions on the part of the ARCHITECT;

c. Providing consultation concerning the replacement of work damaged by fire and furnishing services required in connection with the replacement of such work;

d. Providing services made necessary by the default of the Contractor, which does not arise directly or indirectly from negligence, errors, or omissions of ARCHITECT;

e. If the DISTRICT requests the PROJECT be let on a segregated basis after the completion of Design Development Phase where segregation does not arise from ARCHITECT exceeding the estimated Budget constraint, then plan preparation and/or contract administration work to prepare the segregated plans is an Additional Service subject to prior negotiation and written approval by the DISTRICT;

f. Providing contract administration services after the construction Contract time (including any Governmental Delay Float as addressed in the General Conditions of the Construction Contract with Contractor) has been exceeded through no fault of the ARCHITECT, where it is determined that the fault is that of the Contractor, and liquidated damages are collected therefor. The

ARCHITECT's compensation is expressly conditioned on the lack of fault of the ARCHITECT and payment will be made upon collection of liquidated damages from the Contractor. Payment of the ARCHITECT shall be made from collected liquidated damages;

g. Providing BIM documents that exceeds LOD 200; and

h. Providing any other services not otherwise included in this AGREEMENT or not customarily furnished in accordance with generally accepted architectural practice.

2. If authorized in writing by the DISTRICT, the ARCHITECT shall provide one or more PROJECT representatives to assist in carrying out more extensive representation at the site than is described in Article II. The PROJECT representative(s) shall be selected, employed, and directed by the ARCHITECT, and the ARCHITECT shall be compensated therefor as agreed by the DISTRICT and ARCHITECT. Through the observations of such PROJECT representative(s), the ARCHITECT shall endeavor to provide further protection for the DISTRICT against defects and deficiencies in the work, but the furnishing of such PROJECT representation shall not modify the rights, responsibilities, or obligations of the ARCHITECT as described elsewhere in this AGREEMENT. Such services shall be negotiated and approved in writing by the DISTRICT.

#### **ARTICLE IV - DISTRICT'S RESPONSIBILITIES**

1. The DISTRICT shall provide to the ARCHITECT information regarding requirements for the PROJECT, including information regarding the DISTRICT's objectives, schedule, and budget constraints, as well as any other criteria provided by the DISTRICT.

2. Prior to the Schematic Design Phase, the ARCHITECT shall prepare a current overall budget for the PROJECT which shall include the Construction Cost budget for the PROJECT. The overall budget shall be based upon the DISTRICT's objectives, schedule, budget constraints, and any other criteria that are provided to the ARCHITECT by the DISTRICT pursuant to Article IV, Section 1, above. The DISTRICT shall approve the Construction Cost budget prepared by the ARCHITECT pursuant to this Section and this shall be the "Budget" for the PROJECT as set forth in this AGREEMENT.

3. The DISTRICT shall notify the ARCHITECT of administrative procedures required and name a representative authorized to act on its behalf. The DISTRICT shall promptly render decisions pertaining thereto to avoid unreasonable delay in the progress of the PROJECT. The DISTRICT shall observe the procedure of issuing any orders to Contractors only through the ARCHITECT.

4. The DISTRICT shall give prompt written notice to the ARCHITECT if the DISTRICT becomes aware of any fault or defect in the PROJECT or nonconformance

with the Construction Documents. However, the DISTRICT's failure or omission to do so shall not relieve the ARCHITECT of the ARCHITECT's responsibilities under Title 21, Title 24, and the Field Act hereunder. The DISTRICT shall have no duty to observe, inspect, or investigate the PROJECT.

5. The proposed language of certifications requested of the ARCHITECT or ARCHITECT's consultants shall be submitted to the ARCHITECT for review and approval at least fourteen (14) days prior to execution.

#### **ARTICLE V - COST OF CONSTRUCTION**

1. During the Schematic Design, Design Development, and Construction Document Phases, the ARCHITECT's estimates of Construction Cost shall be reconciled against the Budget approved by the DISTRICT pursuant to Article IV, Section 2.

2. The PROJECT's "Construction Cost," as used in this AGREEMENT, means the total cost to the DISTRICT of all work designed or specified by the ARCHITECT, which includes the total award from the initial construction Contract(s) plus the work covered by approved change orders and/or any alternates approved by the DISTRICT. The Construction Cost shall not include any costs that are not specifically referenced in this Article V, Section 2, as approved costs. Costs excluded from the Construction Cost include, but are not limited to, payments to the ARCHITECT or other DISTRICT consultants, costs of inspections, surveys, tests, and landscaping not included in PROJECT.

3. If the PROJECT is using the multiple-prime delivery method of construction, the Construction Manager's fees and/or general conditions will only be included in the total Construction Cost used to calculate the ARCHITECT's fee only if agreed upon in writing by the DISTRICT. Absent any written agreement, the Construction Manager's fees or general conditions shall not be included in the total Construction Cost used to calculate the ARCHITECT's fee.

4. When labor or material is furnished by the DISTRICT below its market cost, the Construction Cost shall be based upon current market cost of labor and new material.

5. The Construction Cost shall be the acceptable estimate of Construction Costs to the DISTRICT as submitted by the ARCHITECT until such time as bids have been received, whereupon it shall be the bid amount of the lowest responsible responsive bidder.

6. Any Budget or fixed limit of Construction Cost shall be adjusted if the bidding has not commenced within ninety (90) days after the ARCHITECT submits the Construction Documents to the DISTRICT to reflect changes in the general level of

prices in the construction industry between the date of submission of the Construction Documents to the DISTRICT and the date on which bids are sought for the PROJECT.

7. If the lowest bid received exceeds the Budget:
  - a. The DISTRICT may give written approval of an increase of such fixed limit and proceed with the construction of the PROJECT;
  - b. The DISTRICT may authorize rebidding of the PROJECT within a reasonable time;
  - c. If the PROJECT is abandoned, the DISTRICT may terminate this AGREEMENT in accordance with Article VIII, Section 2;
  - d. The DISTRICT may request the ARCHITECT prepare, at no additional cost, deductive change packages that will bring the PROJECT within the Budget; or
  - e. The DISTRICT may request the ARCHITECT cooperate in revising the PROJECT scope and quality as required to reduce the Construction Cost.

8. If the DISTRICT chooses to proceed under Article V, Section 7(e), the ARCHITECT, without additional charge, agrees to redesign the PROJECT until the PROJECT is brought within the Budget set forth in this AGREEMENT. Redesign does not mean phasing or removal of parts of the PROJECT unless agreed to in writing by the DISTRICT. Redesign means the redesign of the PROJECT, with all its component parts, to meet the Budget set forth in this AGREEMENT.

#### **ARTICLE VI - ESTIMATE OF PROJECT CONSTRUCTION COSTS**

1. Estimates referred to in Article II shall be prepared on a square foot/unit cost basis, or more detailed computation if deemed necessary by the DISTRICT, considering prevailing construction costs and including all work for which bids will be received. It is understood that the PROJECT Construction Cost is affected by the labor and/or material market as well as other conditions beyond the control of the ARCHITECT or DISTRICT.

2. The ARCHITECT shall prepare and review the ARCHITECT's estimates of Construction Cost at each phase of the ARCHITECT's services. The ARCHITECT shall provide the DISTRICT with a written evaluation of the estimates at each phase of the ARCHITECT's services. The ARCHITECT's written evaluations shall, among other things, evaluate how the estimates compare to the Budget. If such estimates are in excess of the Budget, the ARCHITECT shall revise the type or quality of construction with approval from the DISTRICT to come within the Budget at no additional cost to the DISTRICT. The ARCHITECT's initial budget and scope limitations shall be realistic and be reviewed with the DISTRICT prior to formalization.

## **ARTICLE VII - ARCHITECT'S DRAWINGS AND SPECIFICATIONS**

1. All documents including, but not limited to, plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer files, BIM files and/or AutoCAD files) prepared by the ARCHITECT or the ARCHITECT's consultants for this PROJECT, shall be and remain the property of the DISTRICT pursuant to Education Code section 17316 for the purposes of repair, maintenance, renovation, modernization, or other purposes as they relate to the PROJECT. The DISTRICT, however, shall not be precluded from using the ARCHITECT's or ARCHITECT's consultant's documents enumerated above for the purposes of additions, alignments, or other development on the PROJECT site.

2. If DISTRICT intends to reuse ARCHITECT's plans, specifications, or other documents for a project or projects other than that which is the subject of this AGREEMENT, and for which the ARCHITECT is not the architect of record, a fee of three percent (3%) of the Construction Costs shall be paid to the ARCHITECT for such reuse. In the event of such reuse or modification of the ARCHITECT's drawings, specification, or other documents by any person, firm, or legal entity, the DISTRICT agrees to indemnify, defend, and hold the ARCHITECT harmless from and against any and all claims, liabilities, suits, demands, losses, costs, and expenses, including, but not limited to, reasonable attorneys' fees accruing to, or resulting from, any and all persons, firms, or any other legal entity, on account of any damage or loss to property or persons including, but not limited to, death arising out of such unauthorized use, reuse or modification of the ARCHITECT's drawings, specifications, or other documents. The DISTRICT further agrees to remove the names and seals of the ARCHITECT and the ARCHITECT's consultants from the title block and signature pages. The DISTRICT, however, may use the ARCHITECT's plans and documents as enumerated in this Article as reference documents for the purposes of additions, alignments, or other development on the PROJECT site. Prior to reuse of the ARCHITECT's documents for any project other than an addition, alignment, or other development on the PROJECT site, the DISTRICT agrees to notify the ARCHITECT in writing of such reuse.

## **ARTICLE VIII - TERMINATION**

1. This AGREEMENT may be terminated by either PARTY upon fourteen (14) days' written notice to the other PARTY in the event of a substantial failure of performance by such other PARTY, including insolvency of the ARCHITECT, or if the DISTRICT should decide to abandon or indefinitely postpone the PROJECT.

2. In the event of a termination based upon abandonment or postponement by DISTRICT, the DISTRICT shall pay the ARCHITECT for all services performed and all expenses incurred under this AGREEMENT supported by documentary evidence, including payroll records and expense reports, up until the date of the abandonment or postponement, plus any sums due the ARCHITECT for Board approved Additional Services. In ascertaining the services actually rendered hereunder up to the date of

termination of this AGREEMENT, consideration shall be given to both completed work and work in process of completion and to complete and incomplete drawings and other documents, whether delivered to the DISTRICT or in the possession of the ARCHITECT. In the event termination is for a substantial failure of performance, all damages and costs associated with the termination, including increased consultant and replacement architect costs, shall be deducted from payments due the ARCHITECT.

3. In the event a termination for cause is determined to have been made wrongfully or without cause, then the termination shall be treated as a termination for convenience in accordance with Article VIII, Section 4, below, and ARCHITECT shall have no greater rights than it would have had if a termination for convenience had been effected in the first instance. No other loss, cost, damage, expense, or liability may be claimed, requested, or recovered by ARCHITECT.

4. This AGREEMENT may be terminated without cause by the DISTRICT upon fourteen (14) days' written notice to the ARCHITECT. In the event of a termination without cause, the DISTRICT shall pay the ARCHITECT for all services performed and all expenses incurred under this AGREEMENT supported by documentary evidence, including payroll records and expense reports, up until the date of notice of termination plus any sums due the ARCHITECT for Board-approved Additional Services. In ascertaining the services actually rendered hereunder up to the date of termination of this AGREEMENT, consideration shall be given to both completed work and work in process of completion and to complete and incomplete drawings and other documents, whether delivered to the DISTRICT or in the possession of the ARCHITECT. In addition, ARCHITECT will be reimbursed for reasonable termination costs through the payment of 3% beyond the sum due the ARCHITECT under this Section through 50% completion of the ARCHITECT's portion of the PROJECT and, if 50% completion is reached, payment of 3% of the unpaid balance of the contract to ARCHITECT as termination cost. This 3% payment is agreed to compensate the ARCHITECT for the unpaid profit ARCHITECT would have made under the PROJECT on the date of termination and is consideration for entry into this termination for convenience clause.

5. In the event of a dispute between the PARTIES as to performance of the work or the interpretation of this AGREEMENT, or payment or nonpayment for work performed or not performed, the PARTIES shall attempt to resolve the dispute. Pending resolution of this dispute, ARCHITECT agrees to continue the work diligently to completion. If the dispute is not resolved, ARCHITECT agrees it will neither rescind the AGREEMENT nor stop the progress of the work, but ARCHITECT's sole remedy shall be to submit such controversy to determination by a court having competent jurisdiction of the dispute after the PROJECT has been completed, and not before.

#### **ARTICLE IX - ACCOUNTING RECORDS OF THE ARCHITECT**

1. Records of the ARCHITECT's direct personnel and reimbursable expenses pertaining to the services performed on this PROJECT and records of accounts between the DISTRICT and Contractor shall be kept on a generally

The DISTRICT and ARCHITECT may otherwise mutually agree, in writing, on alternative types of information and levels of detail that may be provided by the ARCHITECT and its consultants pursuant to this Article X.

3. The ARCHITECT shall invoice all fees and/or costs monthly for the Basic Services that are provided in accordance with this AGREEMENT from the time the ARCHITECT begins work on the PROJECT. The ARCHITECT shall submit one (1) invoice monthly to the DISTRICT detailing all the fees associated with the applicable progress to completion percentage, reimbursable expenses (if any), and Additional Services (if any) incurred for the monthly billing period. Invoices requesting reimbursement for expenses incurred during the billing period must clearly list items for which reimbursement is being requested and be accompanied by proper documentation (e.g., receipts, invoices), including a copy of the DISTRICT's authorization notice for the invoiced item(s), if applicable. Invoices requesting payment for Additional Services must reflect the negotiated compensation previously approved by the DISTRICT and include a copy of the DISTRICT's written authorization notice approving the Additional Services and the additional compensation approved by the DISTRICT. No payments will be made by the DISTRICT to the ARCHITECT for monthly invoices requesting reimbursable expenses or Additional Services absent the prior written authorization of the DISTRICT. 4. To the extent that the time initially established for the completion of ARCHITECT's services is exceeded or extended through no fault of the ARCHITECT, compensation for any services rendered during the additional period of time shall be negotiated and subject to the prior written approval of the DISTRICT. 3. The DISTRICT's prior written authorization is an express condition precedent to any reimbursement to ARCHITECT of such costs and expenses for items not included in Article XI, Section 1 above as an allowable reimbursable expense, and no claim for any additional compensation or reimbursement shall be valid absent such prior written approval by DISTRICT. Payment for these reimbursable expenses shall be made as set forth in Article X.

2. The ARCHITECT shall submit, for written approval by the DISTRICT, the names of the consultants and/or consultant firms proposed for the PROJECT. The ARCHITECT shall notify the DISTRICT of the identity within Exhibit "C" of all design professionals and/or consultants in sufficient time prior to their commencement of services to allow the DISTRICT a reasonable opportunity to review their qualifications and object to their participation on the PROJECT if necessary. The ARCHITECT shall not assign or permit the assignment of any design professionals, engineers, or other consultants to the PROJECT to which DISTRICT has a reasonable objection. Approved design professionals and/or consultants shall not be changed without the prior written consent of the DISTRICT. 3. ARCHITECT's consultants shall be licensed to practice in California and have relevant experience with California school design and construction during the last five years. If any employee or consultant of the ARCHITECT is not acceptable to the DISTRICT, then that individual shall be replaced with an acceptable competent person at the DISTRICT's request.

The ARCHITECT shall provide a copy of such record to the DISTRICT.

2. To the fullest extent permitted by law, ARCHITECT agrees to indemnify and hold the DISTRICT harmless from all liability arising out of:

a. Workers' Compensation and Employer's Liability. Any and all claims under Workers' Compensation acts and other employee benefit acts with respect to ARCHITECT's employees or ARCHITECT's subcontractor's employees arising out of ARCHITECT's work under this AGREEMENT; and

The ARCHITECT, at its own expense, cost, and risk, shall defend any and all claims, actions, suits, or other proceedings (other than professional negligence covered by Section c below) that may be brought or instituted against the DISTRICT, its officers, agents, or employees, to the extent such claims, actions, suits, or other proceedings arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the ARCHITECT, and shall pay or satisfy any judgment that may be rendered against the DISTRICT, its officers, agents, or employees, in any action, suit or other proceedings as a result thereof. Any costs to defend under this Section b shall not exceed the ARCHITECT's proportionate percentage of fault; and

c. Professional Liability. To the extent arising out of, pertaining to, or relating to the negligence, recklessness, or willful misconduct of the ARCHITECT, the ARCHITECT shall indemnify and hold the DISTRICT harmless from any loss, injury to, death of persons, or damage to property caused by any act, neglect, default, or omission of the ARCHITECT, or any person, firm, or corporation employed by the ARCHITECT, either directly or by independent contract, including all damages due to loss or theft, sustained by any person, firm, or corporation, including the DISTRICT, arising out of, or in any way connected with, the PROJECT, including injury or damage either on or off DISTRICT property;

but not for any loss, injury, death, or damages caused by sole or active negligence, or willful misconduct of the DISTRICT. With regard to the ARCHITECT's obligation to indemnify for acts of professional negligence, such obligation does not include the obligation to provide defense counsel or to pay for the defense of actions or proceedings brought against the DISTRICT, but rather to reimburse the DISTRICT for attorneys' fees and costs incurred by the DISTRICT in defending such actions or proceedings brought against the DISTRICT, and such fees and costs shall not exceed the ARCHITECT's proportionate percentage of fault.

d. The PARTIES understand and agree that Article XIII, Section 2, of this AGREEMENT shall be the sole indemnity, as defined by California Civil Code § 2772, between the DISTRICT and the ARCHITECT related to the PROJECT. Any other indemnity that is attached to this AGREEMENT as part of any EXHIBIT shall be void and unenforceable between the PARTIES.

e. Any attempt to limit the ARCHITECT's liability to the DISTRICT in any of the exhibits or attachments to this AGREEMENT shall be void and unenforceable between the PARTIES.

3. ARCHITECT shall purchase and maintain policies of insurance with an insurer or insurers qualified to do business in the State of California and acceptable to DISTRICT, which will protect ARCHITECT and DISTRICT from claims which may arise out of, or result from, ARCHITECT's actions or inactions relating to the AGREEMENT, whether such actions or inactions be by themselves or by any sub-consultant, subcontractor or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable. The aforementioned insurance shall include coverage for:

a. The ARCHITECT shall carry Workers' Compensation and Employers Liability Insurance in accordance with the laws of the State of California. However, such amount shall not be less than ONE MILLION DOLLARS (\$1,000,000).

b. Commercial general and auto liability insurance, with limits of not less than TWO MILLION DOLLARS (\$2,000,000.00) combined single limit, bodily injury and property damage liability per occurrence, including:

period of at least five (5) years thereafter and/or at rates consistent with the time of execution of this AGREEMENT adjusted for inflation. In the event that ARCHITECT subcontracts any portion of ARCHITECT's duties, ARCHITECT shall require any such subcontractor to purchase and maintain insurance coverage as provided in this Section. Failure to maintain professional liability insurance is a material breach of this AGREEMENT and grounds for immediate termination.

d. Valuable Document Insurance. The ARCHITECT shall carry adequate insurance on all drawings and specifications as may be required to protect the DISTRICT in the amount of its full equity in those drawings and specifications, and shall file with the DISTRICT a certificate of that insurance. The cost of that insurance shall be paid by the ARCHITECT, and the DISTRICT shall be named as an additional insured.

e. Each policy of insurance required under Article XIII, Section 3(b), above, shall name the DISTRICT and its officers, agents, and employees as additional insureds; shall state that, with respect to the operations of ARCHITECT hereunder, such policy is primary and any insurance carried by DISTRICT is excess and non-contributory with such primary insurance; shall state that not less than thirty (30) days' written notice shall be given to DISTRICT prior to cancellation; and, shall waive all rights of subrogation. ARCHITECT shall notify DISTRICT in the event of material change in, or failure to renew, each policy. Prior to commencing work, the ARCHITECT shall deliver to DISTRICT certificates of insurance as evidence of compliance with the requirements herein. In the event the ARCHITECT fails to secure or maintain any policy of insurance required hereby, the DISTRICT may, at its sole discretion, secure such policy of insurance in the name of, and for the account of, ARCHITECT, and in such event ARCHITECT shall reimburse DISTRICT upon demand for the cost thereof.

f. In the event that the ARCHITECT subcontracts any portion of the ARCHITECT's duties, the ARCHITECT shall require any such subcontractor to purchase and maintain insurance coverage for the types of insurance referenced in Article XIII, Sections 3(a), (b), (c) and (d), in amounts which are appropriate with respect to that subcontractor's part of work which shall in no event be less than \$500,000 per occurrence. The ARCHITECT shall not subcontract any portion of the ARCHITECT's duties under this AGREEMENT without the DISTRICT's prior written approval. Specification processing consultants are the only subcontractors exempt from maintaining professional liability insurance.

g. All insurance coverage amounts specified hereinabove shall cover only risks relating to, or arising out of, the PROJECT governed by this particular AGREEMENT. The insurance and required amounts of insurance specified above shall not be reduced or encumbered on account of any other projects of the ARCHITECT.

4. The ARCHITECT, in the performance of this AGREEMENT, shall be and act as an independent contractor. The ARCHITECT understands and agrees that the ARCHITECT and all of the ARCHITECT's employees shall not be considered officers, employees, or agents of the DISTRICT, and are not entitled to benefits of any kind or nature normally provided employees of the DISTRICT and/or to which DISTRICT's employees are normally entitled including, but not limited to, State Unemployment Compensation or Workers' Compensation. ARCHITECT assumes the full responsibility for the acts and/or omissions of the ARCHITECT's employees or agents as they relate to the services to be provided under this AGREEMENT. Careful attention is directed to DSA requirements for phasing of projects and the likelihood that DSA or other agency approvals may expire during the phases. If there is an expiration and need to obtain additional DSA approvals for future phases, the ARCHITECT shall provide the DISTRICT with a written notification of the PROJECT approvals that may expire due to phasing. Alternate construction schemes made by the DISTRICT subsequent to the Design Development Phase shall be provided as an Additional Service pursuant to Article III unless the alternate construction scheme arises out of the PROJECT exceeding the estimated Budget constraint as a result of the ARCHITECT's services under this AGREEMENT.

The ARCHITECT shall immediately notify the DISTRICT of adjustments in previous estimates of the Construction Cost arising from market fluctuations or approved changes in scope or requirements.

f. The ARCHITECT shall perform Construction Document Services to keep the PROJECT within all Program scope constraints set by the DISTRICT, as well as approved Budget, unless otherwise modified by written authorization by the DISTRICT.

g. As part of the ARCHITECT's professional services, ARCHITECT has coordinated the drawings on the PROJECT. It is suggested, but not mandatory, that ARCHITECT perform a clash detection review of the final Construction Documents prior to submission to DSA. However, if the Construction Manager, or Design Build entity performs a clash check, ARCHITECT shall work with the Construction Manager or Design Build entity to perform reasonable clash check resolution meetings and make revisions as necessary prior to DSA submission, during DSA review, and after DSA review (followed by CCD submission or Addenda submission to document any necessary changes).

h. When the Construction Documents are fully coordinated and the quality control review is completed, ARCHITECT shall notify the DISTRICT that the 100% complete Construction Documents are ready for third party review. ARCHITECT shall cooperate with DISTRICT in submitting the Construction Documents to a third party for review and shall incorporate agreed upon third party review comments into the Construction Documents prior to submitting the documents to DSA. ARCHITECT to include with the review set a comprehensive utility plan that indicates all underground utilities overlaid with Landscape plan and indicate other obstructions such as light poles, fence posts, flag pole, etc. If any review comment is rejected by ARCHITECT and a change order is later required to resolve a deficiency in the Construction Documents that would have been addressed by the rejected review comment, ARCHITECT shall be liable for all expense of the change order.

i. If the estimated PROJECT Construction Cost exceeds the Budget, the ARCHITECT shall make all necessary design revisions at no cost to the DISTRICT to comply with the Budget and scope set by the DISTRICT in conformance with Articles V and VI, unless otherwise modified by written authorization of the DISTRICT.

ARCHITECT and DISTRICT (through a third party estimator) will prepare their respective Construction Cost estimates. The PARTIES shall meet to reconcile their respective estimates if they are different and agree on a final Construction Cost estimate based upon the final Construction Documents.

**27. Storm Water Pollution Prevention Plan (SWPPP)**

ARCHITECT acknowledges that all California school districts are now obligated to develop and implement the following storm water requirements, without limitation:

- a. A municipal Separate Storm Sewer System (MS4). An MS4 is a system of conveyances used to collect or convey storm water, including, without limitation, catch basins, curbs, gutters, ditches, man-made channels, and storm drains.
- b. A Storm Water Pollution Prevention Plan (SWPPP) at:
  - (1) Sites where DISTRICT engages in maintenance (e.g., fueling, cleaning, repairing) of transportation activities;
  - (2) Construction sites where one or more acres of soil will be disturbed or where each Project is part of a larger common plan of development that disturbs one or more acres of soil.

ARCHITECT shall conform its design work with DISTRICT's storm water requirements indicated above, that are approved by DISTRICT and applicable to the Project, at no additional cost to DISTRICT. In addition, as required, ARCHITECT shall develop a grading and drainage plan and a site plan from architectural information showing a final development of the site. This drawing will also include a horizontal and vertical control plan and a utility infrastructure plan. The Services described in this Article shall be provided by a professional civil engineer who contracts with or is an employee of ARCHITECT. DISTRICT, at its sole discretion, may pay ARCHITECT for Additional Services to comply with this provision if the Services required are in excess of those normally required for services of the type in this Agreement.

**28. Bidding & Award Phase**

a. The ARCHITECT, following the DISTRICT's approval of the Construction Documents, shall assist the DISTRICT in obtaining bids and awarding the Contract for the construction of the PROJECT.

b. The ARCHITECT shall prepare all the necessary bidding information and bidding forms required to bid the PROJECT. The ARCHITECT shall also assist the DISTRICT with the preparation of the Contractor's Contract form, the general conditions, the supplementary conditions, and all other contract documents necessary to bid the PROJECT and award a complete Contract to the lowest responsible responsive bidder. The DISTRICT will provide the standard general conditions and supplementary conditions that must be incorporated into the Contract with the Contractor. The ARCHITECT shall review the general conditions, supplementary conditions, and all other contract

documents provided by the DISTRICT for incorporation into the Contract with the Contractor and shall coordinate such documents with all other Construction Documents that are prepared by the ARCHITECT pursuant to this AGREEMENT. The ARCHITECT's coordination obligations under this Section include, but are not limited to, verifying that any and all bid instructions and requirements set forth in the specifications prepared by the ARCHITECT are also set forth in the Instructions to Bidders and the Bid Form that are distributed to the bidders in connection with the PROJECT. The ARCHITECT shall prepare and sign all written Addendums that are necessary to incorporate changes into the DSA approved Construction Documents prior to the award of the PROJECT. The ARCHITECT shall assist the DISTRICT in distributing all Addendums to each bidder that has obtained a set of the DSA approved Construction Documents. The ARCHITECT shall ensure that all Addendums are submitted to and approved by DSA prior to certification of the PROJECT.

c. The ARCHITECT shall deposit a reproducible set of Construction Documents including, but not limited to, all drawings and specifications for the PROJECT at a reprographics company specified by the DISTRICT for the bid and for printing of additional sets of the DSA approved Construction Documents during the PROJECT. In accordance with the requirements of this Section, the ARCHITECT shall forward all plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer files and/or BIM files) prepared by the ARCHITECT or the ARCHITECT's consultants during the course of the PROJECT to the reprographics company specified by the DISTRICT at no additional cost to the DISTRICT. The DISTRICT may request that such documents be delivered to the reprographics company selected by the DISTRICT in CADD, PLOT, TIFF or other format approved by the DISTRICT. In addition, the ARCHITECT shall provide the DISTRICT with a BIM format diskette file with all layers unprotected so the DISTRICT may utilize with a Construction Manager or Design Build entity. It is expressly understood that the release of the underlying BIM documents is for the limited use only for the PROJECT (unless otherwise agreed to in writing) and that changes that are made to the underlying BIM documents are not the responsibility of ARCHITECT. For documentation purposes, one record set of the transmitted documents shall be placed on a CD (or other acceptable electronic media) properly labeled as the record set of documents transmitted to the DISTRICT. Reasonable costs for producing this record document shall be reimbursed to the ARCHITECT and ARCHITECT's consultants. ARCHITECT is also advised to make a record set of clash detection checks to record the clashes that are encountered on the set of documents distributed for future record purposes and this clash detection shall also be placed on the CD. This clash detection document is not a requirement but simply recommended.

d. Upon the DISTRICT's request, the ARCHITECT shall recommend an acceptable plan room, or blueprinting shop, or, in the alternative, ARCHITECT shall print the necessary bidding information, Contract forms, general conditions, supplementary general conditions and all other Construction Documents

necessary to bid the PROJECT and award a complete Contract to a successful bidder and shall deliver/distribute such printed copies to all interested bidders.

e. The ARCHITECT shall make subsequent revisions to drawings, specifications, and other DSA approved Construction Documents that result from the approval of any substitution request, RFI, or submittal. All Revisions shall be prepared in writing and signed by the ARCHITECT. The ARCHITECT shall ensure that all Revisions are submitted to and approved by DSA prior to certification of the PROJECT.

f. If the lowest bid exceeds the Budget for the PROJECT by more than 5%, the ARCHITECT, in consultation with, and at the direction of, the DISTRICT, shall provide such modifications in the Construction Documents as necessary to bring the cost of the PROJECT within its Budget as set forth in Articles V and VI., and shall perform a revised 100% Construction Document Estimate of the PROJECT Construction Cost and submit it to DISTRICT for review.

d. The ARCHITECT shall provide technical direction to a full-time Project Inspector employed by, and responsible to, the DISTRICT, as required by applicable law. The ARCHITECT shall direct and monitor the work of the Laboratory of Record as required by applicable law and provide code required supervision of Special Inspectors not provided by the Laboratory of Record. Upon the DISTRICT's award of a Construction Contract to the Contractor, the ARCHITECT shall obtain the necessary Project Inspection Cards ("PIC") (Form DSA 152) from the DSA that are needed for the Project Inspector's use in approving and signing off work on the PROJECT as it is completed by the Contractor. The ARCHITECT shall verify that the Project Inspector has the appropriate amount of PIC's that are needed for the inspection and completion of the entire PROJECT prior to the commencement of any work by the Contractor on the PROJECT. The ARCHITECT shall provide the Project Inspector,

Laboratory of Record and each Special Inspector with a copy of the DSA approved Construction Documents including, but not limited to, the approved Statement of Structural Tests and Special Inspections (Form DSA 103) prior to the commencement of any work on the PROJECT at the ARCHITECT's expense.

e. The ARCHITECT shall meet with the Project Inspector, DISTRICT, Contractor, Laboratory of Record and Special Inspectors as needed throughout the completion of the PROJECT to verify, acknowledge and coordinate the testing and special inspection program required by the DSA approved Construction Documents.

f. The ARCHITECT shall prepare Interim Verified Reports (Form DSA 6-AE) and submit such Interim Verified Reports to DSA, the Project Inspector and the DISTRICT prior to the Project Inspector's approval and sign off of any of the following sections of the PROJECT's PIC's as applicable:

- (6) Non-Building Site Structures;
- (7) Finish Site Work;
- (8) Other Work; or
- (9) Final.

If the ARCHITECT has delegated responsibility for any portion of the PROJECT's design to other engineers, the ARCHITECT shall ensure that such engineers submit the necessary Interim Verified Reports (Form DSA 6-AE) to DSA, the Project Inspector and the DISTRICT during the course of construction and prior to the Project Inspector's approval and sign off of the above sections of the PIC's as they relate to the portions of the PROJECT that were delegated to such engineers.

g. The ARCHITECT shall be responsible for reviewing and ensuring, on a monthly basis, that the Contractor is maintaining an up-to-date set of as-built documents which will be furnished to the DISTRICT upon completion. The ARCHITECT shall review the as-built documents prepared by the Contractor on a monthly basis and report whether they appear to be up to date, based upon the ARCHITECT's observations of the PROJECT. If it appears the as-built documents are not being kept up to date by the Contractor, the ARCHITECT shall recommend to the DISTRICT, in writing, an appropriate withholding from the Contractor's monthly payment application to account for the Contractor's failure to maintain such as-built documents.

h. The ARCHITECT will endeavor to secure compliance by Contractor with the Contract requirements, but does not guarantee the performance of the Contractor's Contract.

i. The ARCHITECT shall provide general administration of the Construction Documents including, but not limited to, the following:

(1) Visiting the PROJECT site to maintain such personal contact with the PROJECT as is necessary to assure the ARCHITECT that the Contractor's work is being completed, in every material respect, in compliance with the DSA approved Construction Documents (in no case shall the number of visits be less than once every week or as necessary to observe work being completed in connection with each block/section of a PIC so the ARCHITECT can verify that the work does or does not comply with the DSA approved Construction Documents, whichever is greater) in order to:

i. Become familiar with, and to keep the DISTRICT informed about, the progress and quality of the portion of the work completed and for the preparation of the weekly written reports the ARCHITECT will prepare and submit to the DISTRICT for its review;

ii. Become familiar with, and to keep DSA and Project Inspector informed about, the progress and quality of the portion of the work completed and for the preparation of the necessary Interim Verified Reports the ARCHITECT will prepare and submit to DSA and Project Inspector as necessary for the timely inspection of the PROJECT and for the approval and sign off of each block/section of the PIC's during the course of the PROJECT's construction;

iii. Endeavor to guard against nonconforming work and deficiencies in the work;

iv. Determine if the work is being performed in a manner indicating that the work, when fully completed, will be in accordance with the approved DSA Construction Documents;

v. Attend weekly on-site construction meetings, and being otherwise available to the DISTRICT and the Project Inspector for site meetings on an "as-needed" basis;

vi. Examine Contractor applications for payment and to issue certificates for payment in amounts approved by the necessary parties; and

vii. Verify, at least monthly, in coordination with the Project Inspector, that all as-built documents are being updated pursuant to the Contract between the DISTRICT and the Contractor.

(2) Making regular reports as may be required by all governmental agencies or authorities having jurisdiction over the PROJECT;

(3) Reviewing schedules and shop drawings for compliance with design;

(4) Approving substitution of materials, equipment, and the laboratory reports thereof for conformance to the DISTRICT's standards subject to DISTRICT knowledge and approval;

(5) Responding to DSA field trip notes;

(6) Preparing Construction Change Documents for approval by DSA;

(7) Preparing Immediate Change Directives as directed by the DISTRICT;

(8) Preparing change orders for written approval by the DISTRICT;

(9) Making Punch List observations when the PROJECT reaches Substantial Completion;

(10) Determining date of Substantial Completion and the date of final completion of the PROJECT;

(11) Providing a color schedule of all materials for the PROJECT for the DISTRICT's review and approval;

(12) Assembling and delivering to the DISTRICT written guarantees, instruction books, diagrams, charts, and as-built documents that will be provided by the Contractor pursuant to the Contract between the DISTRICT and the Contractor;

(13) Issuing the ARCHITECT's Certificate of Substantial Completion, Certificate of Completion and final certificate for payment; and

(14) Providing any other architectural services to fulfill the requirements of the Construction Documents and this AGREEMENT.

j. ARCHITECT shall provide the DISTRICT with written reports, as necessary, to inform the DISTRICT of any problems arising during construction, changes contemplated as a result of each problem, and the progress of work.

k. The ARCHITECT, as part of the ARCHITECT's Basic Services, shall advise the DISTRICT of any deficiencies in construction following the acceptance of the work and prior to the expiration of the guarantee period of the PROJECT.

l. The ARCHITECT shall be the interpreter of the requirements of the Construction Documents and advise the DISTRICT as to the performance by the Contractor thereunder.

m. The ARCHITECT shall make recommendations to the DISTRICT on claims relating to the execution and progress of the work and all matters and questions relating thereto. The ARCHITECT's recommendations in matters relating to artistic effect shall be consistent with the intent of the Construction Documents.

n. The ARCHITECT shall advise the DISTRICT to reject work which does not conform to the Construction Documents. The ARCHITECT shall promptly inform the DISTRICT whenever, in the ARCHITECT's opinion, it may be necessary to stop the work to avoid the improper performance of the AGREEMENT. The ARCHITECT has authority to require additional inspection or testing of the work in accordance with the provisions of the Construction Documents, whether work is fabricated, installed, or completed.

o. The ARCHITECT shall not issue orders to the Contractor that might commit the DISTRICT to extra expenses, or otherwise amend the Construction Documents, without first obtaining the written approval of the DISTRICT.

p. The ARCHITECT shall be the DISTRICT's representative during construction and shall advise and consult with the DISTRICT. The ARCHITECT shall have authority to act on behalf of the DISTRICT only to the extent provided in this AGREEMENT, unless otherwise modified in writing.

q. The ARCHITECT shall prepare all documents and/or drawings made necessary by errors and omissions in the originally approved drawings or specifications, and such modifications therein as may be necessary to meet unanticipated conditions encountered during construction, at no additional cost or expense to the DISTRICT. In addition, the ARCHITECT shall, at no additional cost, provide services made necessary by defect or deficiencies in the work of the Contractor which, through reasonable care, should have been discovered by the ARCHITECT and promptly reported to the DISTRICT and Contractor, but which ARCHITECT failed to do.

r. The ARCHITECT shall examine, verify, and approve the Contractor's applications for payment and issue certificates for payment for the

work and materials provided by the Contractor which also reflect the ARCHITECT's recommendation as to any amount which should be retained or deducted from those payments under the terms of the Construction Documents or for any other reason. The ARCHITECT's certification for payment shall constitute a representation to the DISTRICT, based on the ARCHITECT's observations and inspections at the site, that the work has progressed to the level certified, that quality of the work is in accordance with the DSA approved Construction Documents, that the as-built documents are up to date, and that the Contractor is entitled to payment in the amount certified.

s. The ARCHITECT shall review and approve, or take other appropriate action, upon the Contractor's submittals of shop drawings, product data, and samples for the purpose of checking for conformance with the Construction Documents. The ARCHITECT's actions shall not delay the work, but should allow for sufficient time, in the ARCHITECT's professional judgment, to permit adequate review. The ARCHITECT shall forward all approved equals/substitutions to be reviewed and approved by DISTRICT prior to releasing to Contractor. The ARCHITECT shall ensure that all deferred approval submittals are resolved and approved by DSA prior to certification of the PROJECT.

t. After the PROJECT has been let, all changes to the DSA approved Construction Documents shall be made by means of a Construction Change Document ("CCD") unless otherwise approved by the DISTRICT in writing. The ARCHITECT shall be responsible for preparing each CCD related to the PROJECT and shall determine which changes affect the Structural, Access or Fire & Life Safety (collectively "SAFLS") portions of the PROJECT and ensure that such changes are documented and implemented through a written CCD-Category A (Form DSA 140). All CCD-Category A's must be submitted to DSA by the ARCHITECT with all supporting documentation and data and must be approved by DSA before such work can commence on the PROJECT. The ARCHITECT shall obtain the DISTRICT's approval of all CCD-Category A's before they are submitted to DSA for review and approval. All other changes to the DSA approved Construction Documents not involving SAFLS portions of the PROJECT are not require to be submitted to DSA unless DSA specifically requires such changes to be submitted to DSA in the form of a written CCD-Category B (Form DSA 141) inclusive of all supporting documentation and data. Changes that are not determined by the ARCHITECT and/or DSA to require documentation through an approved CCD-Category A or CCD-Category B shall be documented through an alternative CCD form or other document approved by the DISTRICT.

u. The ARCHITECT shall prepare and issue Immediate Change Directives ("ICD") to the Contractor when directed by the DISTRICT to complete the work that is necessary due to the Contractor's failure to complete the PROJECT in accordance with the DSA approved Construction Documents. The ARCHITECT shall provide the Project Inspector with a copy of the ICD and direct

the Project Inspector to inspect the work as it is completed in accordance with the ICD.

v. All changes to the DSA approved Construction Documents, whether set forth in a CCD, ICD or any other document approved by the DISTRICT, shall be incorporated into change orders by the ARCHITECT for the DISTRICT's approval. Each change order shall identify: (1) the description of the change in the work; (2) the amount of the adjustment to the Contractor's Contract sum, if any; and (3) the extent of the adjustment in the Contractor's Contract Time, if any. The ARCHITECT shall prepare change orders, with supporting documentation and data, for the DISTRICT's review in accordance with the Construction Documents, and may authorize minor changes in the work not involving an adjustment in the contract sum or an extension of time. The ARCHITECT shall evaluate and make written recommendations regarding Contractor's proposals for possible change orders.

w. The ARCHITECT shall, at the ARCHITECT's expense, prepare a set of reproducible record drawings showing significant changes in the work made during construction based on the marked-up prints, drawings and other data furnished by the Contractor to the ARCHITECT.

x. The ARCHITECT shall inspect the PROJECT to determine the date or dates of Substantial Completion and final completion. The ARCHITECT shall receive and forward to the DISTRICT for the DISTRICT's review all written warranties and related documents required by the Construction Documents, and issue a final certificate for payment upon Contractor compliance with the requirements of the Construction Documents. In the event the approved schedule for the PROJECT has been exceeded due to the fault of the Contractor, the ARCHITECT shall issue a written notice to the DISTRICT and the Contractor evaluating the cause of the delay(s) and shall advise the DISTRICT and the Contractor of the commencement of liquidated damages under the Contract between the DISTRICT and Contractor.

y. The ARCHITECT shall provide written evaluation of the Contractor's performance under the requirements of the Construction Documents when requested in writing by the DISTRICT. When the ARCHITECT has actual knowledge of any defects, errors, or deficiencies with respect to the Contractor's performance on the PROJECT, the ARCHITECT shall provide the DISTRICT and the Contractor with written notification of such defects, errors, or deficiencies.

z. The ARCHITECT shall:

(1) Review all requests for information ("RFI"), submittals, and substitution requests that are submitted by the Contractor in connection with the PROJECT;

(2) Determine the data criteria required to evaluate requests for substitutions; and

(3) Be responsible for ensuring that all RFI's, submittals and substitution requests by the Contractor are responded to not later than fourteen (14) days, or as soon as the circumstances require.

aa. The ARCHITECT shall be responsible for gathering information and processing forms required by any applicable governing agencies and/or authorities having jurisdiction over the PROJECT including, but not limited to, the County Health Department, the local building departments, local fire departments, the OPSC, and DSA, in a timely manner and ensure proper close-out of the PROJECT.

bb. The ARCHITECT shall obtain the DISTRICT's approval of all CCD immediately following the request for such changes by the Contractor or upon any other circumstances necessitating a change. Furthermore, the ARCHITECT shall maintain a log of all CCD's, ICD's change orders or any other DISTRICT approved form documenting changes to the DSA approved Construction Documents (the "Changes Log"), including status, for the DISTRICT's review and approval. The ARCHITECT shall submit the Changes Log to the DISTRICT with its monthly invoice. Submission of the Changes Log is a requirement for payments to the ARCHITECT during the course of construction.

cc. The ARCHITECT shall evaluate and render written recommendations within a reasonable time on all claims, disputes, or other matters at issue between the DISTRICT and Contractor relating to the execution or progress of the work as provided in the Contract between the DISTRICT and the Contractor. Under no circumstances should this evaluation take longer than 20 calendar days from the date the claim is received by the ARCHITECT.

dd. The ARCHITECT shall provide assistance in the utilization of equipment or systems such as testing, adjusting and balancing, preparation of operation and maintenance manuals, training personnel for operation and maintenance and consultation during operation.

ee. The ARCHITECT shall review the list of minor defects, deficiencies, and/or incomplete items (hereinafter the "Punch List") and the fully executed Verified Report (Form DSA-6) that are submitted to the DISTRICT by the Contractor when the Contractor considers the PROJECT to be Substantially Complete. The ARCHITECT shall inspect the PROJECT, in conjunction with the Contractor, in order to verify the Contractor's Punch List, add any other items to the Punch List and to confirm that Substantial Completion has been reached on the PROJECT. In the event the Contractor does not submit a fully executed Verified Report with its proposed Punch List, the ARCHITECT shall reject the Contractor's Punch List, in writing, as premature. If Substantial Completion of the PROJECT is verified by the ARCHITECT and the required Verified Report

has been submitted to the DISTRICT for review, the ARCHITECT shall finalize the Punch List and notify the Contractor in writing that all Punch List items must be corrected prior to acceptance of the PROJECT and final payment, and that all Punch List items must be completed within the duration set forth in the Contract between the DISTRICT and the Contractor. The DISTRICT shall also be notified in writing of all Punch List items identified by the ARCHITECT and the Contractor. The ARCHITECT shall notify the DISTRICT when all Punch List items have been corrected by the Contractor for the DISTRICT's final acceptance of the PROJECT and final payment. In the event the Contractor fails to correct any Punch List item(s) within the duration set forth in the Contract between the DISTRICT and the Contractor, the ARCHITECT shall inform the DISTRICT of such default and provide the DISTRICT with a reasonable valuation of the cost to correct each outstanding Punch List item for deduction from the Contractor's final payment and/or retention. For purposes of this AGREEMENT, "Substantial Completion" shall mean the following four (4) conditions have been met: (1) all contractually required items have been installed with the exception of only minor and incomplete items on the Punch List; (2) All Fire/Life Safety Systems have been installed, and are working and signed off on the DSA Form 152 Inspection Card; (3) all building systems including mechanical, electrical and plumbing are functioning; and (4) the PROJECT is fit for occupancy and its intended use.

ff. Once the ARCHITECT has verified the Substantial Completion of the PROJECT, the ARCHITECT shall issue a Certificate of Substantial Completion to the Contractor and the DISTRICT. Upon the issuance of the Certificate of Substantial Completion, the ARCHITECT shall prepare and submit to DSA, Project Inspector and the DISTRICT a written Verified Report, on Form DSA 6AE, pursuant to Section 4-336 of Title 24 of the California Code of Regulations. The ARCHITECT shall also submit a signed Verified Report to DSA, Project Inspector and the DISTRICT upon any of the following events:

- (1) Work on the PROJECT is suspended for a period of more than one month;
- (2) The services of the ARCHITECT are terminated for any reason prior to the completion of the PROJECT;
- (3) DSA requests a Verified Report.

gg. The ARCHITECT and its consultants shall verify that all defective, deficient, or incomplete work identified in any Notice(s) of Deviation or similar notice(s) issued by the ARCHITECT, Project Inspector, Special Inspector(s), Laboratory of Record and/or any governmental agency or authority, is fully corrected and closed before the ARCHITECT approves any final Punch List by the Contractor. As part of the ARCHITECT's Basic Services under this Section, the ARCHITECT shall direct the applicable Inspectors, Special Inspectors, and/or engineers on the PROJECT to visually verify that each defective, deficient and/or

incomplete item of work referenced in each Notice of Deviation have been rectified and closed prior to the approval of the final Punch List and the issuance of any Certificate of Substantial Completion by the ARCHITECT. In the event the ARCHITECT and/or its consultants fail to verify that such work has been corrected by the Contractor before the ARCHITECT approves the final Punch-List and such work has in fact not been corrected, the ARCHITECT shall be responsible for performing all the architectural and/or engineering services necessary, at no additional cost to the DISTRICT, to ensure such open and outstanding items in the Notice(s) of Deviation are addressed accordingly and that all work related to such notices is corrected in a manner acceptable to the DISTRICT and DSA.

### **30. Project Close-Out**

a. Within thirty (30) days after the completion of the PROJECT's construction and the ARCHITECT's receipt of as-built documents from the Contractor, ARCHITECT will review the as-built documents prepared by the Contractor and revise the record drawings and specifications so that they include all material changes made necessary by CCD's, ICD's, change orders, RFI's, change order requests ("COR's"), Bulletins, clarifications as noted by the Contractor in its as-built documents and/or any other DISTRICT approved document which details the changes that were made to the DSA approved Construction Documents. The ARCHITECT shall incorporate such changes into a complete AutoCAD as-built file, in the original, executable, software format, and PDF files, and provide all such documents, including five (5) hard copies, to the DISTRICT at no additional cost. In the event the Contractor fails to provide its as-built documents within 30 days of the PROJECT's completion, the ARCHITECT shall notify the DISTRICT, in writing, of the Contractor's failure and recommend the appropriate withholding from the Contractor's final payment under the Contract with the DISTRICT.

b. The ARCHITECT shall assist the DISTRICT in securing the delivery of any and all applicable documents described in Sections c and d below, to DSA for review prior to issuance of a "Certificate of Completion." The ARCHITECT shall submit all documents prepared by, or in control of, the ARCHITECT to DSA without delay.

c. During the period the PROJECT is under construction, the ARCHITECT shall certify that the following documents have been submitted to DSA:

- (1) Copies of the Project Inspector's semi-monthly reports;
- (2) Copies of the laboratory reports on all tests or laboratory inspections as returned and done on the PROJECT;

(3) Copies of all the necessary PIC's which have been approved and signed off by the Project Inspector for the certification by DSA; and

(4) All other documents required to be submitted to DSA in accordance with Title 24 and the Construction Oversight Process Procedure set forth in DSA's PR 13-01.

The ARCHITECT shall notify the DISTRICT, in writing, if any of the above forms are not promptly submitted to DSA by the responsible parties. If necessary, the ARCHITECT shall assist the DISTRICT in obtaining the delivery of the above documents to DSA.

d. Upon the completion of all construction, including all Punch List items, the ARCHITECT shall assist the DISTRICT in securing the delivery of the following documents to DSA:

(1) Copy of the Notice of Completion.

(2) Final Verified Report Form DSA-6A/E certifying all work is 100% complete from the ARCHITECT, structural engineer, mechanical engineer, and electrical engineer.

(3) Final Verified Report Form DSA-6 certifying all work is 100% complete from the Contractor or Contractors, Project Inspector, and Special Inspector(s).

(4) Verified Reports of Testing and Inspections as specified on the approved drawings and specifications, i.e., Final Laboratory Report, Welding, Glued-Laminated Timber, etc.

(5) Weighmaster's Certificate (if required by approved drawings and specifications).

(6) Copies of the signature page of all Addenda as approved by DSA.

(7) Copies of the signature pages of all deferred approvals as approved by DSA.

(8) Copies of the signature pages of all Revisions as approved by DSA.

(9) Copies of the signature page of all applicable Construction Change Documents as approved by DSA.

(10) Verification by the Project Inspector that all items noted on any "Field Trip Notes" have been corrected.

The ARCHITECT shall notify the DISTRICT, in writing, if any of the above items are not promptly submitted to the ARCHITECT and/or the DISTRICT by the responsible parties for submittal to DSA. If necessary, the ARCHITECT shall assist the DISTRICT in obtaining the above documents for delivery to DSA.

### **ARTICLE III - ADDITIONAL ARCHITECT'S SERVICES**

1. The ARCHITECT shall notify the DISTRICT in writing of the need for additional services required due to circumstances beyond the ARCHITECT's control ("Additional Services"). The ARCHITECT shall obtain written authorization from the DISTRICT before rendering Additional Services. Compensation for all valid Additional Services shall be negotiated and approved in writing by the DISTRICT before such Additional Services are performed by the ARCHITECT, and compensated based on hourly rates listed in Exhibit "D". No compensation shall be paid to the ARCHITECT for any Additional Services that are not previously approved by the DISTRICT in writing. Additional Services may include:

a. Making material revisions in drawings, specifications or other documents when such revisions are required by the enactment or revision of laws, rules, or regulations subsequent to the preparation and completion of the Construction Documents;

b. Preparing drawings, specifications and other documentation and supporting data, and providing other services in connection with change orders required by causes beyond the control of the ARCHITECT which are not the result of the direct or indirect negligence, errors, or omissions on the part of the ARCHITECT;

c. Providing consultation concerning the replacement of work damaged by fire and furnishing services required in connection with the replacement of such work;

d. Providing services made necessary by the default of the Contractor, which does not arise directly or indirectly from negligence, errors, or omissions of ARCHITECT;

e. If the DISTRICT requests the PROJECT be let on a segregated basis after the completion of Design Development Phase where segregation does not arise from ARCHITECT exceeding the estimated Budget constraint, then plan preparation and/or contract administration work to prepare the segregated plans is an Additional Service subject to prior negotiation and written approval by the DISTRICT;

f. Providing contract administration services after the construction Contract time (including any Governmental Delay Float as addressed in the General Conditions of the Construction Contract with Contractor) has been exceeded through no fault of the ARCHITECT, where it is determined that the fault is that of the Contractor, and liquidated damages are collected therefor. The

ARCHITECT's compensation is expressly conditioned on the lack of fault of the ARCHITECT and payment will be made upon collection of liquidated damages from the Contractor. Payment of the ARCHITECT shall be made from collected liquidated damages;

g. Providing BIM documents that exceeds LOD 200; and

h. Providing any other services not otherwise included in this AGREEMENT or not customarily furnished in accordance with generally accepted architectural practice.

2. If authorized in writing by the DISTRICT, the ARCHITECT shall provide one or more PROJECT representatives to assist in carrying out more extensive representation at the site than is described in Article II. The PROJECT representative(s) shall be selected, employed, and directed by the ARCHITECT, and the ARCHITECT shall be compensated therefor as agreed by the DISTRICT and ARCHITECT. Through the observations of such PROJECT representative(s), the ARCHITECT shall endeavor to provide further protection for the DISTRICT against defects and deficiencies in the work, but the furnishing of such PROJECT representation shall not modify the rights, responsibilities, or obligations of the ARCHITECT as described elsewhere in this AGREEMENT. Such services shall be negotiated and approved in writing by the DISTRICT.

#### **ARTICLE IV - DISTRICT'S RESPONSIBILITIES**

1. The DISTRICT shall provide to the ARCHITECT information regarding requirements for the PROJECT, including information regarding the DISTRICT's objectives, schedule, and budget constraints, as well as any other criteria provided by the DISTRICT.

2. Prior to the Schematic Design Phase, the ARCHITECT shall prepare a current overall budget for the PROJECT which shall include the Construction Cost budget for the PROJECT. The overall budget shall be based upon the DISTRICT's objectives, schedule, budget constraints, and any other criteria that are provided to the ARCHITECT by the DISTRICT pursuant to Article IV, Section 1, above. The DISTRICT shall approve the Construction Cost budget prepared by the ARCHITECT pursuant to this Section and this shall be the "Budget" for the PROJECT as set forth in this AGREEMENT.

3. The DISTRICT shall notify the ARCHITECT of administrative procedures required and name a representative authorized to act on its behalf. The DISTRICT shall promptly render decisions pertaining thereto to avoid unreasonable delay in the progress of the PROJECT. The DISTRICT shall observe the procedure of issuing any orders to Contractors only through the ARCHITECT.

4. The DISTRICT shall give prompt written notice to the ARCHITECT if the DISTRICT becomes aware of any fault or defect in the PROJECT or nonconformance

with the Construction Documents. However, the DISTRICT's failure or omission to do so shall not relieve the ARCHITECT of the ARCHITECT's responsibilities under Title 21, Title 24, and the Field Act hereunder. The DISTRICT shall have no duty to observe, inspect, or investigate the PROJECT.

5. The proposed language of certifications requested of the ARCHITECT or ARCHITECT's consultants shall be submitted to the ARCHITECT for review and approval at least fourteen (14) days prior to execution.

#### **ARTICLE V - COST OF CONSTRUCTION**

1. During the Schematic Design, Design Development, and Construction Document Phases, the ARCHITECT's estimates of Construction Cost shall be reconciled against the Budget approved by the DISTRICT pursuant to Article IV, Section 2.

2. The PROJECT's "Construction Cost," as used in this AGREEMENT, means the total cost to the DISTRICT of all work designed or specified by the ARCHITECT, which includes the total award from the initial construction Contract(s) plus the work covered by approved change orders and/or any alternates approved by the DISTRICT. The Construction Cost shall not include any costs that are not specifically referenced in this Article V, Section 2, as approved costs. Costs excluded from the Construction Cost include, but are not limited to, payments to the ARCHITECT or other DISTRICT consultants, costs of inspections, surveys, tests, and landscaping not included in PROJECT.

3. If the PROJECT is using the multiple-prime delivery method of construction, the Construction Manager's fees and/or general conditions will only be included in the total Construction Cost used to calculate the ARCHITECT's fee only if agreed upon in writing by the DISTRICT. Absent any written agreement, the Construction Manager's fees or general conditions shall not be included in the total Construction Cost used to calculate the ARCHITECT's fee.

4. When labor or material is furnished by the DISTRICT below its market cost, the Construction Cost shall be based upon current market cost of labor and new material.

5. The Construction Cost shall be the acceptable estimate of Construction Costs to the DISTRICT as submitted by the ARCHITECT until such time as bids have been received, whereupon it shall be the bid amount of the lowest responsible responsive bidder.

6. Any Budget or fixed limit of Construction Cost shall be adjusted if the bidding has not commenced within ninety (90) days after the ARCHITECT submits the Construction Documents to the DISTRICT to reflect changes in the general level of

prices in the construction industry between the date of submission of the Construction Documents to the DISTRICT and the date on which bids are sought for the PROJECT.

7. If the lowest bid received exceeds the Budget:
  - a. The DISTRICT may give written approval of an increase of such fixed limit and proceed with the construction of the PROJECT;
  - b. The DISTRICT may authorize rebidding of the PROJECT within a reasonable time;
  - c. If the PROJECT is abandoned, the DISTRICT may terminate this AGREEMENT in accordance with Article VIII, Section 2;
  - d. The DISTRICT may request the ARCHITECT prepare, at no additional cost, deductive change packages that will bring the PROJECT within the Budget; or
  - e. The DISTRICT may request the ARCHITECT cooperate in revising the PROJECT scope and quality as required to reduce the Construction Cost.

8. If the DISTRICT chooses to proceed under Article V, Section 7(e), the ARCHITECT, without additional charge, agrees to redesign the PROJECT until the PROJECT is brought within the Budget set forth in this AGREEMENT. Redesign does not mean phasing or removal of parts of the PROJECT unless agreed to in writing by the DISTRICT. Redesign means the redesign of the PROJECT, with all its component parts, to meet the Budget set forth in this AGREEMENT.

#### **ARTICLE VI - ESTIMATE OF PROJECT CONSTRUCTION COSTS**

1. Estimates referred to in Article II shall be prepared on a square foot/unit cost basis, or more detailed computation if deemed necessary by the DISTRICT, considering prevailing construction costs and including all work for which bids will be received. It is understood that the PROJECT Construction Cost is affected by the labor and/or material market as well as other conditions beyond the control of the ARCHITECT or DISTRICT.

2. The ARCHITECT shall prepare and review the ARCHITECT's estimates of Construction Cost at each phase of the ARCHITECT's services. The ARCHITECT shall provide the DISTRICT with a written evaluation of the estimates at each phase of the ARCHITECT's services. The ARCHITECT's written evaluations shall, among other things, evaluate how the estimates compare to the Budget. If such estimates are in excess of the Budget, the ARCHITECT shall revise the type or quality of construction with approval from the DISTRICT to come within the Budget at no additional cost to the DISTRICT. The ARCHITECT's initial budget and scope limitations shall be realistic and be reviewed with the DISTRICT prior to formalization.

## **ARTICLE VII - ARCHITECT'S DRAWINGS AND SPECIFICATIONS**

1. All documents including, but not limited to, plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer files, BIM files and/or AutoCAD files) prepared by the ARCHITECT or the ARCHITECT's consultants for this PROJECT, shall be and remain the property of the DISTRICT pursuant to Education Code section 17316 for the purposes of repair, maintenance, renovation, modernization, or other purposes as they relate to the PROJECT. The DISTRICT, however, shall not be precluded from using the ARCHITECT's or ARCHITECT's consultant's documents enumerated above for the purposes of additions, alignments, or other development on the PROJECT site.

2. If DISTRICT intends to reuse ARCHITECT's plans, specifications, or other documents for a project or projects other than that which is the subject of this AGREEMENT, and for which the ARCHITECT is not the architect of record, a fee of three percent (3%) of the Construction Costs shall be paid to the ARCHITECT for such reuse. In the event of such reuse or modification of the ARCHITECT's drawings, specification, or other documents by any person, firm, or legal entity, the DISTRICT agrees to indemnify, defend, and hold the ARCHITECT harmless from and against any and all claims, liabilities, suits, demands, losses, costs, and expenses, including, but not limited to, reasonable attorneys' fees accruing to, or resulting from, any and all persons, firms, or any other legal entity, on account of any damage or loss to property or persons including, but not limited to, death arising out of such unauthorized use, reuse or modification of the ARCHITECT's drawings, specifications, or other documents. The DISTRICT further agrees to remove the names and seals of the ARCHITECT and the ARCHITECT's consultants from the title block and signature pages. The DISTRICT, however, may use the ARCHITECT's plans and documents as enumerated in this Article as reference documents for the purposes of additions, alignments, or other development on the PROJECT site. Prior to reuse of the ARCHITECT's documents for any project other than an addition, alignment, or other development on the PROJECT site, the DISTRICT agrees to notify the ARCHITECT in writing of such reuse.

## **ARTICLE VIII - TERMINATION**

1. This AGREEMENT may be terminated by either PARTY upon fourteen (14) days' written notice to the other PARTY in the event of a substantial failure of performance by such other PARTY, including insolvency of the ARCHITECT, or if the DISTRICT should decide to abandon or indefinitely postpone the PROJECT.

2. In the event of a termination based upon abandonment or postponement by DISTRICT, the DISTRICT shall pay the ARCHITECT for all services performed and all expenses incurred under this AGREEMENT supported by documentary evidence, including payroll records and expense reports, up until the date of the abandonment or postponement, plus any sums due the ARCHITECT for Board approved Additional Services. In ascertaining the services actually rendered hereunder up to the date of

termination of this AGREEMENT, consideration shall be given to both completed work and work in process of completion and to complete and incomplete drawings and other documents, whether delivered to the DISTRICT or in the possession of the ARCHITECT. In the event termination is for a substantial failure of performance, all damages and costs associated with the termination, including increased consultant and replacement architect costs, shall be deducted from payments due the ARCHITECT.

3. In the event a termination for cause is determined to have been made wrongfully or without cause, then the termination shall be treated as a termination for convenience in accordance with Article VIII, Section 4, below, and ARCHITECT shall have no greater rights than it would have had if a termination for convenience had been effected in the first instance. No other loss, cost, damage, expense, or liability may be claimed, requested, or recovered by ARCHITECT.

4. This AGREEMENT may be terminated without cause by the DISTRICT upon fourteen (14) days' written notice to the ARCHITECT. In the event of a termination without cause, the DISTRICT shall pay the ARCHITECT for all services performed and all expenses incurred under this AGREEMENT supported by documentary evidence, including payroll records and expense reports, up until the date of notice of termination plus any sums due the ARCHITECT for Board-approved Additional Services. In ascertaining the services actually rendered hereunder up to the date of termination of this AGREEMENT, consideration shall be given to both completed work and work in process of completion and to complete and incomplete drawings and other documents, whether delivered to the DISTRICT or in the possession of the ARCHITECT. In addition, ARCHITECT will be reimbursed for reasonable termination costs through the payment of 3% beyond the sum due the ARCHITECT under this Section through 50% completion of the ARCHITECT's portion of the PROJECT and, if 50% completion is reached, payment of 3% of the unpaid balance of the contract to ARCHITECT as termination cost. This 3% payment is agreed to compensate the ARCHITECT for the unpaid profit ARCHITECT would have made under the PROJECT on the date of termination and is consideration for entry into this termination for convenience clause.

5. In the event of a dispute between the PARTIES as to performance of the work or the interpretation of this AGREEMENT, or payment or nonpayment for work performed or not performed, the PARTIES shall attempt to resolve the dispute. Pending resolution of this dispute, ARCHITECT agrees to continue the work diligently to completion. If the dispute is not resolved, ARCHITECT agrees it will neither rescind the AGREEMENT nor stop the progress of the work, but ARCHITECT's sole remedy shall be to submit such controversy to determination by a court having competent jurisdiction of the dispute after the PROJECT has been completed, and not before.

#### **ARTICLE IX - ACCOUNTING RECORDS OF THE ARCHITECT**

1. Records of the ARCHITECT's direct personnel and reimbursable expenses pertaining to the services performed on this PROJECT and records of accounts between the DISTRICT and Contractor shall be kept on a generally

recognized accounting basis and shall be available to the DISTRICT or his authorized representative at mutually convenient times.

## **ARTICLE X - COMPENSATION TO THE ARCHITECT**

The DISTRICT shall compensate the ARCHITECT as follows:

1. The ARCHITECT's fees for performing Additional Services related to change orders are paid as approved by the DISTRICT's Board. If a change order is approved without ARCHITECT fee, no fee will be paid to the ARCHITECT unless negotiated and approved prior to commencing the change order-related services.

2. The ARCHITECT's compensation for performing all the Basic Services required by this AGREEMENT including, but not limited to, those services detailed in Article I and II and Exhibit "A", The ARCHITECT's compensation for performing all the Basic Services required by this AGREEMENT shall be disbursed on a monthly basis based on the phasing schedule in Exhibit "B". The ARCHITECT shall provide a copy of such record to the DISTRICT.

2. To the fullest extent permitted by law, ARCHITECT agrees to indemnify and hold the DISTRICT harmless from all liability arising out of:

a. Workers' Compensation and Employer's Liability. Any and all claims under Workers' Compensation acts and other employee benefit acts with respect to ARCHITECT's employees or ARCHITECT's subcontractor's employees arising out of ARCHITECT's work under this AGREEMENT; and

The ARCHITECT, at its own expense, cost, and risk, shall defend any and all claims, actions, suits, or other proceedings (other than professional negligence covered by Section c below) that may be brought or instituted against the DISTRICT, its officers, agents, or employees, to the extent such claims, actions, suits, or other proceedings arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the ARCHITECT, and shall pay or satisfy any judgment that may be rendered against the DISTRICT, its officers, agents, or employees, in any action, suit or other proceedings as a result thereof. Any costs to defend under this Section b shall not exceed the ARCHITECT's proportionate percentage of fault; and

but not for any loss, injury, death, or damages caused by sole or active negligence, or willful misconduct of the DISTRICT. With regard to the ARCHITECT's obligation to indemnify for acts of professional negligence, such obligation does not include the obligation to provide defense counsel or to pay for the defense of actions or proceedings brought against the DISTRICT, but rather to reimburse the DISTRICT for attorneys' fees and costs incurred by the DISTRICT in defending such actions or proceedings brought against the DISTRICT, and such fees and costs shall not exceed the ARCHITECT's proportionate percentage of fault.

d. The PARTIES understand and agree that Article XIII, Section 2, of this AGREEMENT shall be the sole indemnity, as defined by California Civil Code § 2772, between the DISTRICT and the ARCHITECT related to the PROJECT. Any other indemnity that is attached to this AGREEMENT as part of any EXHIBIT shall be void and unenforceable between the PARTIES.

e. Any attempt to limit the ARCHITECT's liability to the DISTRICT in any of the exhibits or attachments to this AGREEMENT shall be void and unenforceable between the PARTIES.

3. ARCHITECT shall purchase and maintain policies of insurance with an insurer or insurers qualified to do business in the State of California and acceptable to DISTRICT, which will protect ARCHITECT and DISTRICT from claims which may arise out of, or result from, ARCHITECT's actions or inactions relating to the AGREEMENT, whether such actions or inactions be by themselves or by any sub-consultant, subcontractor or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable. The aforementioned insurance shall include coverage for:

3. Broad form property damage;
4. Products/completed operations; and

period of at least five (5) years thereafter and/or at rates consistent with the time of execution of this AGREEMENT adjusted for inflation. In the event that ARCHITECT subcontracts any portion of ARCHITECT's duties, ARCHITECT shall require any such subcontractor to purchase and maintain insurance coverage as provided in this Section. Failure to maintain professional liability insurance is a material breach of this AGREEMENT and grounds for immediate termination.

d. Valuable Document Insurance. The ARCHITECT shall carry adequate insurance on all drawings and specifications as may be required to protect the DISTRICT in the amount of its full equity in those drawings and specifications, and shall file with the DISTRICT a certificate of that insurance. The cost of that insurance shall be paid by the ARCHITECT, and the DISTRICT shall be named as an additional insured.

e. ARCHITECT shall notify DISTRICT in the event of material change in, or failure to renew, each policy. Prior to commencing work, the ARCHITECT shall deliver to DISTRICT certificates of insurance as evidence of compliance with the requirements herein. In the event the ARCHITECT fails to secure or maintain any policy of insurance required hereby, the DISTRICT may, at its sole discretion, secure such policy of insurance in the name of, and for the account of, ARCHITECT, and in such event ARCHITECT shall reimburse DISTRICT upon demand for the cost thereof.

f. In the event that the ARCHITECT subcontracts any portion of the ARCHITECT's duties, the ARCHITECT shall require any such subcontractor to purchase and maintain insurance coverage for the types of insurance referenced in Article XIII, Sections 3(a), (b), (c) and (d), in amounts which are appropriate with respect to that subcontractor's part of work which shall in no event be less than \$500,000 per occurrence. The ARCHITECT shall not subcontract any portion of the ARCHITECT's duties under this AGREEMENT without the DISTRICT's prior written approval. Specification processing consultants are the only subcontractors exempt from maintaining professional liability insurance.

g. All insurance coverage amounts specified hereinabove shall cover only risks relating to, or arising out of, the PROJECT governed by this particular AGREEMENT. The insurance and required amounts of insurance specified above shall not be reduced or encumbered on account of any other projects of the ARCHITECT.

4. The ARCHITECT, in the performance of this AGREEMENT, shall be and act as an independent contractor. The ARCHITECT understands and agrees that the ARCHITECT and all of the ARCHITECT's employees shall not be considered officers, employees, or agents of the DISTRICT, and are not entitled to benefits of any kind or nature normally provided employees of the DISTRICT and/or to which DISTRICT's employees are normally entitled including, but not limited to, State Unemployment Compensation or Workers' Compensation. The ARCHITECT shall immediately notify the DISTRICT of adjustments in previous estimates of the Construction Cost arising from market fluctuations or approved changes in scope or requirements.

f. The ARCHITECT shall perform Construction Document Services to keep the PROJECT within all Program scope constraints set by the DISTRICT, as well as approved Budget, unless otherwise modified by written authorization by the DISTRICT.

g. As part of the ARCHITECT's professional services, ARCHITECT has coordinated the drawings on the PROJECT. It is suggested, but not mandatory, that ARCHITECT perform a clash detection review of the final Construction Documents prior to submission to DSA. However, if the Construction Manager, or Design Build entity performs a clash check, ARCHITECT shall work with the Construction Manager or Design Build entity to perform reasonable clash check resolution meetings and make revisions as necessary prior to DSA submission, during DSA review, and after DSA review (followed by CCD submission or Addenda submission to document any necessary changes).

#### **27. Storm Water Pollution Prevention Plan (SWPPP)**

ARCHITECT acknowledges that all California school districts are now obligated to develop and implement the following storm water requirements, without limitation:

- a. A municipal Separate Storm Sewer System (MS4). An MS4 is a system of conveyances used to collect or convey storm water, including, without limitation, catch basins, curbs, gutters, ditches, man-made channels, and storm drains.
- b. A Storm Water Pollution Prevention Plan (SWPPP) at:
  - (1) Sites where DISTRICT engages in maintenance (e.g., fueling, cleaning, repairing) of transportation activities;
  - (2) Construction sites where one or more acres of soil will be disturbed or where each Project is part of a larger common plan of development that disturbs one or more acres of soil.

ARCHITECT shall conform its design work with DISTRICT's storm water requirements indicated above, that are approved by DISTRICT and applicable to the Project, at no additional cost to DISTRICT. In addition, as required, ARCHITECT shall develop a grading and drainage plan and a site plan from architectural information showing a final development of the site. This drawing will also include a horizontal and vertical control plan and a utility infrastructure plan. The Services described in this Article shall be provided by a professional civil engineer who contracts with or is an employee of ARCHITECT. DISTRICT, at its sole discretion, may pay ARCHITECT for Additional Services to comply with this provision if the Services required are in excess of those normally required for services of the type in this Agreement.

The DISTRICT will provide the standard general conditions and supplementary conditions that must be incorporated into the Contract with the Contractor. The ARCHITECT shall review the general conditions, supplementary conditions, and all other contract

documents provided by the DISTRICT for incorporation into the Contract with the Contractor and shall coordinate such documents with all other Construction Documents that are prepared by the ARCHITECT pursuant to this AGREEMENT. The ARCHITECT's coordination obligations under this Section include, but are not limited to, verifying that any and all bid instructions and requirements set forth in the specifications prepared by the ARCHITECT are also set forth in the Instructions to Bidders and the Bid Form that are distributed to the bidders in connection with the PROJECT. The ARCHITECT shall prepare and sign all written Addendums that are necessary to incorporate changes into the DSA approved Construction Documents prior to the award of the PROJECT. The ARCHITECT shall assist the DISTRICT in distributing all Addendums to each bidder that has obtained a set of the DSA approved Construction Documents. The ARCHITECT shall ensure that all Addendums are submitted to and approved by DSA prior to certification of the PROJECT.

c. The ARCHITECT shall deposit a reproducible set of Construction Documents including, but not limited to, all drawings and specifications for the PROJECT at a reprographics company specified by the DISTRICT for the bid and for printing of additional sets of the DSA approved Construction Documents during the PROJECT. In accordance with the requirements of this Section, the ARCHITECT shall forward all plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer files and/or BIM files) prepared by the ARCHITECT or the ARCHITECT's consultants during the course of the PROJECT to the reprographics company specified by the DISTRICT at no additional cost to the DISTRICT. The DISTRICT may request that such documents be delivered to the reprographics company selected by the DISTRICT in CADD, PLOT, TIFF or other format approved by the DISTRICT. In addition, the ARCHITECT shall provide the DISTRICT with a BIM format diskette file with all layers unprotected so the DISTRICT may utilize with a Construction Manager or Design Build entity. It is expressly understood that the release of the underlying BIM documents is for the limited use only for the PROJECT (unless otherwise agreed to in writing) and that changes that are made to the underlying BIM documents are not the responsibility of ARCHITECT. For documentation purposes, one record set of the transmitted documents shall be placed on a CD (or other acceptable electronic media) properly labeled as the record set of documents transmitted to the DISTRICT. Reasonable costs for producing this record document shall be reimbursed to the ARCHITECT and ARCHITECT's consultants. ARCHITECT is also advised to make a record set of clash detection checks to record the clashes that are encountered on the set of documents distributed for future record purposes and this clash detection shall also be placed on the CD. This clash detection document is not a requirement but simply recommended.

d. Upon the DISTRICT's request, the ARCHITECT shall recommend an acceptable plan room, or blueprinting shop, or, in the alternative, ARCHITECT shall print the necessary bidding information, Contract forms, general conditions, supplementary general conditions and all other Construction Documents

necessary to bid the PROJECT and award a complete Contract to a successful bidder and shall deliver/distribute such printed copies to all interested bidders.

e. The ARCHITECT shall make subsequent revisions to drawings, specifications, and other DSA approved Construction Documents that result from the approval of any substitution request, RFI, or submittal. All Revisions shall be prepared in writing and signed by the ARCHITECT. The ARCHITECT shall ensure that all Revisions are submitted to and approved by DSA prior to certification of the PROJECT.

f. If the lowest bid exceeds the Budget for the PROJECT by more than 5%, the ARCHITECT, in consultation with, and at the direction of, the DISTRICT, shall provide such modifications in the Construction Documents as necessary to bring the cost of the PROJECT within its Budget as set forth in Articles V and VI., and shall perform a revised 100% Construction Document Estimate of the PROJECT Construction Cost and submit it to DISTRICT for review.

The ARCHITECT shall verify that the Project Inspector has the appropriate amount of PIC's that are needed for the inspection and completion of the entire PROJECT prior to the commencement of any work by the Contractor on the PROJECT. The ARCHITECT shall provide the Project Inspector,

Laboratory of Record and each Special Inspector with a copy of the DSA approved Construction Documents including, but not limited to, the approved Statement of Structural Tests and Special Inspections (Form DSA 103) prior to the commencement of any work on the PROJECT at the ARCHITECT's expense.

e. The ARCHITECT shall meet with the Project Inspector, DISTRICT, Contractor, Laboratory of Record and Special Inspectors as needed throughout the completion of the PROJECT to verify, acknowledge and coordinate the testing and special inspection program required by the DSA approved Construction Documents.

If the ARCHITECT has delegated responsibility for any portion of the PROJECT's design to other engineers, the ARCHITECT shall ensure that such engineers submit the necessary Interim Verified Reports (Form DSA 6-AE) to DSA, the Project Inspector and the DISTRICT during the course of construction and prior to the Project Inspector's approval and sign off of the above sections of the PIC's as they relate to the portions of the PROJECT that were delegated to such engineers.

g. The ARCHITECT shall be responsible for reviewing and ensuring, on a monthly basis, that the Contractor is maintaining an up-to-date set of as-built documents which will be furnished to the DISTRICT upon completion. The ARCHITECT shall review the as-built documents prepared by the Contractor on a monthly basis and report whether they appear to be up to date, based upon the ARCHITECT's observations of the PROJECT. If it appears the as-built documents are not being kept up to date by the Contractor, the ARCHITECT shall recommend to the DISTRICT, in writing, an appropriate withholding from the Contractor's monthly payment application to account for the Contractor's failure to maintain such as-built documents.

h. The ARCHITECT will endeavor to secure compliance by Contractor with the Contract requirements, but does not guarantee the performance of the Contractor's Contract.

i. The ARCHITECT shall provide general administration of the Construction Documents including, but not limited to, the following:

(1) Visiting the PROJECT site to maintain such personal contact with the PROJECT as is necessary to assure the ARCHITECT that the Contractor's work is being completed, in every material respect, in compliance with the DSA approved Construction Documents (in no case shall the number of visits be less than once every week or as necessary to observe work being completed in connection with each block/section of a PIC so the ARCHITECT can verify that the work does or does not comply with the DSA approved Construction Documents, whichever is greater) in order to:

i. Become familiar with, and to keep the DISTRICT informed about, the progress and quality of the portion of the work completed and for the preparation of the weekly written reports the ARCHITECT will prepare and submit to the DISTRICT for its review;

ii. Become familiar with, and to keep DSA and Project Inspector informed about, the progress and quality of the portion of the work completed and for the preparation of the necessary Interim Verified Reports the ARCHITECT will prepare and submit to DSA and Project Inspector as necessary for the timely inspection of the PROJECT and for the approval and sign off of each block/section of the PIC's during the course of the PROJECT's construction;

iii. Endeavor to guard against nonconforming work and deficiencies in the work;

iv. Determine if the work is being performed in a manner indicating that the work, when fully completed, will be in accordance with the approved DSA Construction Documents;

v. Attend weekly on-site construction meetings, and being otherwise available to the DISTRICT and the Project Inspector for site meetings on an "as-needed" basis;

vi. Examine Contractor applications for payment and to issue certificates for payment in amounts approved by the necessary parties; and

vii. Verify, at least monthly, in coordination with the Project Inspector, that all as-built documents are being updated pursuant to the Contract between the DISTRICT and the Contractor.

(2) Making regular reports as may be required by all governmental agencies or authorities having jurisdiction over the PROJECT;

(3) Reviewing schedules and shop drawings for compliance with design;

(4) Approving substitution of materials, equipment, and the laboratory reports thereof for conformance to the DISTRICT's standards subject to DISTRICT knowledge and approval;

(5) Responding to DSA field trip notes;

(6) Preparing Construction Change Documents for approval by DSA;

(7) Preparing Immediate Change Directives as directed by the DISTRICT;

(8) Preparing change orders for written approval by the DISTRICT;

(9) Making Punch List observations when the PROJECT reaches Substantial Completion;

(10) Determining date of Substantial Completion and the date of final completion of the PROJECT;

(11) Providing a color schedule of all materials for the PROJECT for the DISTRICT's review and approval;

(12) Assembling and delivering to the DISTRICT written guarantees, instruction books, diagrams, charts, and as-built documents that will be provided by the Contractor pursuant to the Contract between the DISTRICT and the Contractor;

(13) Issuing the ARCHITECT's Certificate of Substantial Completion, Certificate of Completion and final certificate for payment; and

(14) Providing any other architectural services to fulfill the requirements of the Construction Documents and this AGREEMENT.

j. ARCHITECT shall provide the DISTRICT with written reports, as necessary, to inform the DISTRICT of any problems arising during construction, changes contemplated as a result of each problem, and the progress of work.

k. The ARCHITECT, as part of the ARCHITECT's Basic Services, shall advise the DISTRICT of any deficiencies in construction following the acceptance of the work and prior to the expiration of the guarantee period of the PROJECT.

l. The ARCHITECT shall be the interpreter of the requirements of the Construction Documents and advise the DISTRICT as to the performance by the Contractor thereunder.

m. The ARCHITECT shall make recommendations to the DISTRICT on claims relating to the execution and progress of the work and all matters and questions relating thereto. The ARCHITECT's recommendations in matters relating to artistic effect shall be consistent with the intent of the Construction Documents.

n. The ARCHITECT shall advise the DISTRICT to reject work which does not conform to the Construction Documents. The ARCHITECT shall promptly inform the DISTRICT whenever, in the ARCHITECT's opinion, it may be necessary to stop the work to avoid the improper performance of the AGREEMENT. The ARCHITECT has authority to require additional inspection or testing of the work in accordance with the provisions of the Construction Documents, whether work is fabricated, installed, or completed.

o. The ARCHITECT shall not issue orders to the Contractor that might commit the DISTRICT to extra expenses, or otherwise amend the Construction Documents, without first obtaining the written approval of the DISTRICT.

p. The ARCHITECT shall be the DISTRICT's representative during construction and shall advise and consult with the DISTRICT. The ARCHITECT shall have authority to act on behalf of the DISTRICT only to the extent provided in this AGREEMENT, unless otherwise modified in writing.

q. The ARCHITECT shall prepare all documents and/or drawings made necessary by errors and omissions in the originally approved drawings or specifications, and such modifications therein as may be necessary to meet unanticipated conditions encountered during construction, at no additional cost or expense to the DISTRICT. In addition, the ARCHITECT shall, at no additional cost, provide services made necessary by defect or deficiencies in the work of the Contractor which, through reasonable care, should have been discovered by the ARCHITECT and promptly reported to the DISTRICT and Contractor, but which ARCHITECT failed to do.

r. The ARCHITECT shall examine, verify, and approve the Contractor's applications for payment and issue certificates for payment for the

work and materials provided by the Contractor which also reflect the ARCHITECT's recommendation as to any amount which should be retained or deducted from those payments under the terms of the Construction Documents or for any other reason. The ARCHITECT's certification for payment shall constitute a representation to the DISTRICT, based on the ARCHITECT's observations and inspections at the site, that the work has progressed to the level certified, that quality of the work is in accordance with the DSA approved Construction Documents, that the as-built documents are up to date, and that the Contractor is entitled to payment in the amount certified.

s. The ARCHITECT shall review and approve, or take other appropriate action, upon the Contractor's submittals of shop drawings, product data, and samples for the purpose of checking for conformance with the Construction Documents. The ARCHITECT's actions shall not delay the work, but should allow for sufficient time, in the ARCHITECT's professional judgment, to permit adequate review. The ARCHITECT shall forward all approved equals/substitutions to be reviewed and approved by DISTRICT prior to releasing to Contractor. The ARCHITECT shall ensure that all deferred approval submittals are resolved and approved by DSA prior to certification of the PROJECT.

t. After the PROJECT has been let, all changes to the DSA approved Construction Documents shall be made by means of a Construction Change Document ("CCD") unless otherwise approved by the DISTRICT in writing. The ARCHITECT shall be responsible for preparing each CCD related to the PROJECT and shall determine which changes affect the Structural, Access or Fire & Life Safety (collectively "SAFLS") portions of the PROJECT and ensure that such changes are documented and implemented through a written CCD-Category A (Form DSA 140). All CCD-Category A's must be submitted to DSA by the ARCHITECT with all supporting documentation and data and must be approved by DSA before such work can commence on the PROJECT. The ARCHITECT shall obtain the DISTRICT's approval of all CCD-Category A's before they are submitted to DSA for review and approval. All other changes to the DSA approved Construction Documents not involving SAFLS portions of the PROJECT are not require to be submitted to DSA unless DSA specifically requires such changes to be submitted to DSA in the form of a written CCD-Category B (Form DSA 141) inclusive of all supporting documentation and data. Changes that are not determined by the ARCHITECT and/or DSA to require documentation through an approved CCD-Category A or CCD-Category B shall be documented through an alternative CCD form or other document approved by the DISTRICT.

u. The ARCHITECT shall prepare and issue Immediate Change Directives ("ICD") to the Contractor when directed by the DISTRICT to complete the work that is necessary due to the Contractor's failure to complete the PROJECT in accordance with the DSA approved Construction Documents. The ARCHITECT shall provide the Project Inspector with a copy of the ICD and direct

the Project Inspector to inspect the work as it is completed in accordance with the ICD.

v. All changes to the DSA approved Construction Documents, whether set forth in a CCD, ICD or any other document approved by the DISTRICT, shall be incorporated into change orders by the ARCHITECT for the DISTRICT's approval. Each change order shall identify: (1) the description of the change in the work; (2) the amount of the adjustment to the Contractor's Contract sum, if any; and (3) the extent of the adjustment in the Contractor's Contract Time, if any. The ARCHITECT shall prepare change orders, with supporting documentation and data, for the DISTRICT's review in accordance with the Construction Documents, and may authorize minor changes in the work not involving an adjustment in the contract sum or an extension of time. The ARCHITECT shall evaluate and make written recommendations regarding Contractor's proposals for possible change orders.

w. The ARCHITECT shall, at the ARCHITECT's expense, prepare a set of reproducible record drawings showing significant changes in the work made during construction based on the marked-up prints, drawings and other data furnished by the Contractor to the ARCHITECT.

x. The ARCHITECT shall inspect the PROJECT to determine the date or dates of Substantial Completion and final completion. The ARCHITECT shall receive and forward to the DISTRICT for the DISTRICT's review all written warranties and related documents required by the Construction Documents, and issue a final certificate for payment upon Contractor compliance with the requirements of the Construction Documents. In the event the approved schedule for the PROJECT has been exceeded due to the fault of the Contractor, the ARCHITECT shall issue a written notice to the DISTRICT and the Contractor evaluating the cause of the delay(s) and shall advise the DISTRICT and the Contractor of the commencement of liquidated damages under the Contract between the DISTRICT and Contractor.

y. The ARCHITECT shall provide written evaluation of the Contractor's performance under the requirements of the Construction Documents when requested in writing by the DISTRICT. When the ARCHITECT has actual knowledge of any defects, errors, or deficiencies with respect to the Contractor's performance on the PROJECT, the ARCHITECT shall provide the DISTRICT and the Contractor with written notification of such defects, errors, or deficiencies.

z. The ARCHITECT shall:

(1) Review all requests for information ("RFI"), submittals, and substitution requests that are submitted by the Contractor in connection with the PROJECT;

(2) Determine the data criteria required to evaluate requests for substitutions; and

(3) Be responsible for ensuring that all RFI's, submittals and substitution requests by the Contractor are responded to not later than fourteen (14) days, or as soon as the circumstances require.

aa. The ARCHITECT shall be responsible for gathering information and processing forms required by any applicable governing agencies and/or authorities having jurisdiction over the PROJECT including, but not limited to, the County Health Department, the local building departments, local fire departments, the OPSC, and DSA, in a timely manner and ensure proper close-out of the PROJECT.

bb. The ARCHITECT shall obtain the DISTRICT's approval of all CCD immediately following the request for such changes by the Contractor or upon any other circumstances necessitating a change. Furthermore, the ARCHITECT shall maintain a log of all CCD's, ICD's change orders or any other DISTRICT approved form documenting changes to the DSA approved Construction Documents (the "Changes Log"), including status, for the DISTRICT's review and approval. The ARCHITECT shall submit the Changes Log to the DISTRICT with its monthly invoice. Submission of the Changes Log is a requirement for payments to the ARCHITECT during the course of construction.

cc. The ARCHITECT shall evaluate and render written recommendations within a reasonable time on all claims, disputes, or other matters at issue between the DISTRICT and Contractor relating to the execution or progress of the work as provided in the Contract between the DISTRICT and the Contractor. Under no circumstances should this evaluation take longer than 20 calendar days from the date the claim is received by the ARCHITECT.

dd. The ARCHITECT shall provide assistance in the utilization of equipment or systems such as testing, adjusting and balancing, preparation of operation and maintenance manuals, training personnel for operation and maintenance and consultation during operation.

ee. The ARCHITECT shall review the list of minor defects, deficiencies, and/or incomplete items (hereinafter the "Punch List") and the fully executed Verified Report (Form DSA-6) that are submitted to the DISTRICT by the Contractor when the Contractor considers the PROJECT to be Substantially Complete. The ARCHITECT shall inspect the PROJECT, in conjunction with the Contractor, in order to verify the Contractor's Punch List, add any other items to the Punch List and to confirm that Substantial Completion has been reached on the PROJECT. In the event the Contractor does not submit a fully executed Verified Report with its proposed Punch List, the ARCHITECT shall reject the Contractor's Punch List, in writing, as premature. If Substantial Completion of the PROJECT is verified by the ARCHITECT and the required Verified Report

has been submitted to the DISTRICT for review, the ARCHITECT shall finalize the Punch List and notify the Contractor in writing that all Punch List items must be corrected prior to acceptance of the PROJECT and final payment, and that all Punch List items must be completed within the duration set forth in the Contract between the DISTRICT and the Contractor. The DISTRICT shall also be notified in writing of all Punch List items identified by the ARCHITECT and the Contractor. The ARCHITECT shall notify the DISTRICT when all Punch List items have been corrected by the Contractor for the DISTRICT's final acceptance of the PROJECT and final payment. In the event the Contractor fails to correct any Punch List item(s) within the duration set forth in the Contract between the DISTRICT and the Contractor, the ARCHITECT shall inform the DISTRICT of such default and provide the DISTRICT with a reasonable valuation of the cost to correct each outstanding Punch List item for deduction from the Contractor's final payment and/or retention. For purposes of this AGREEMENT, "Substantial Completion" shall mean the following four (4) conditions have been met: (1) all contractually required items have been installed with the exception of only minor and incomplete items on the Punch List; (2) All Fire/Life Safety Systems have been installed, and are working and signed off on the DSA Form 152 Inspection Card; (3) all building systems including mechanical, electrical and plumbing are functioning; and (4) the PROJECT is fit for occupancy and its intended use.

ff. Once the ARCHITECT has verified the Substantial Completion of the PROJECT, the ARCHITECT shall issue a Certificate of Substantial Completion to the Contractor and the DISTRICT. Upon the issuance of the Certificate of Substantial Completion, the ARCHITECT shall prepare and submit to DSA, Project Inspector and the DISTRICT a written Verified Report, on Form DSA 6AE, pursuant to Section 4-336 of Title 24 of the California Code of Regulations. The ARCHITECT shall also submit a signed Verified Report to DSA, Project Inspector and the DISTRICT upon any of the following events:

- (1) Work on the PROJECT is suspended for a period of more than one month;
- (2) The services of the ARCHITECT are terminated for any reason prior to the completion of the PROJECT;
- (3) DSA requests a Verified Report.

gg. The ARCHITECT and its consultants shall verify that all defective, deficient, or incomplete work identified in any Notice(s) of Deviation or similar notice(s) issued by the ARCHITECT, Project Inspector, Special Inspector(s), Laboratory of Record and/or any governmental agency or authority, is fully corrected and closed before the ARCHITECT approves any final Punch List by the Contractor. As part of the ARCHITECT's Basic Services under this Section, the ARCHITECT shall direct the applicable Inspectors, Special Inspectors, and/or engineers on the PROJECT to visually verify that each defective, deficient and/or

incomplete item of work referenced in each Notice of Deviation have been rectified and closed prior to the approval of the final Punch List and the issuance of any Certificate of Substantial Completion by the ARCHITECT. In the event the ARCHITECT and/or its consultants fail to verify that such work has been corrected by the Contractor before the ARCHITECT approves the final Punch-List and such work has in fact not been corrected, the ARCHITECT shall be responsible for performing all the architectural and/or engineering services necessary, at no additional cost to the DISTRICT, to ensure such open and outstanding items in the Notice(s) of Deviation are addressed accordingly and that all work related to such notices is corrected in a manner acceptable to the DISTRICT and DSA.

### **30. Project Close-Out**

a. Within thirty (30) days after the completion of the PROJECT's construction and the ARCHITECT's receipt of as-built documents from the Contractor, ARCHITECT will review the as-built documents prepared by the Contractor and revise the record drawings and specifications so that they include all material changes made necessary by CCD's, ICD's, change orders, RFI's, change order requests ("COR's"), Bulletins, clarifications as noted by the Contractor in its as-built documents and/or any other DISTRICT approved document which details the changes that were made to the DSA approved Construction Documents. The ARCHITECT shall incorporate such changes into a complete AutoCAD as-built file, in the original, executable, software format, and PDF files, and provide all such documents, including five (5) hard copies, to the DISTRICT at no additional cost. In the event the Contractor fails to provide its as-built documents within 30 days of the PROJECT's completion, the ARCHITECT shall notify the DISTRICT, in writing, of the Contractor's failure and recommend the appropriate withholding from the Contractor's final payment under the Contract with the DISTRICT.

b. The ARCHITECT shall assist the DISTRICT in securing the delivery of any and all applicable documents described in Sections c and d below, to DSA for review prior to issuance of a "Certificate of Completion." The ARCHITECT shall submit all documents prepared by, or in control of, the ARCHITECT to DSA without delay.

c. During the period the PROJECT is under construction, the ARCHITECT shall certify that the following documents have been submitted to DSA:

- (1) Copies of the Project Inspector's semi-monthly reports;
- (2) Copies of the laboratory reports on all tests or laboratory inspections as returned and done on the PROJECT;

(3) Copies of all the necessary PIC's which have been approved and signed off by the Project Inspector for the certification by DSA; and

(4) All other documents required to be submitted to DSA in accordance with Title 24 and the Construction Oversight Process Procedure set forth in DSA's PR 13-01.

The ARCHITECT shall notify the DISTRICT, in writing, if any of the above forms are not promptly submitted to DSA by the responsible parties. If necessary, the ARCHITECT shall assist the DISTRICT in obtaining the delivery of the above documents to DSA.

d. Upon the completion of all construction, including all Punch List items, the ARCHITECT shall assist the DISTRICT in securing the delivery of the following documents to DSA:

(1) Copy of the Notice of Completion.

(2) Final Verified Report Form DSA-6A/E certifying all work is 100% complete from the ARCHITECT, structural engineer, mechanical engineer, and electrical engineer.

(3) Final Verified Report Form DSA-6 certifying all work is 100% complete from the Contractor or Contractors, Project Inspector, and Special Inspector(s).

(4) Verified Reports of Testing and Inspections as specified on the approved drawings and specifications, i.e., Final Laboratory Report, Welding, Glued-Laminated Timber, etc.

(5) Weighmaster's Certificate (if required by approved drawings and specifications).

(6) Copies of the signature page of all Addenda as approved by DSA.

(7) Copies of the signature pages of all deferred approvals as approved by DSA.

(8) Copies of the signature pages of all Revisions as approved by DSA.

(9) Copies of the signature page of all applicable Construction Change Documents as approved by DSA.

(10) Verification by the Project Inspector that all items noted on any "Field Trip Notes" have been corrected.

The ARCHITECT shall notify the DISTRICT, in writing, if any of the above items are not promptly submitted to the ARCHITECT and/or the DISTRICT by the responsible parties for submittal to DSA. If necessary, the ARCHITECT shall assist the DISTRICT in obtaining the above documents for delivery to DSA.

### **ARTICLE III - ADDITIONAL ARCHITECT'S SERVICES**

1. The ARCHITECT shall notify the DISTRICT in writing of the need for additional services required due to circumstances beyond the ARCHITECT's control ("Additional Services"). The ARCHITECT shall obtain written authorization from the DISTRICT before rendering Additional Services. Compensation for all valid Additional Services shall be negotiated and approved in writing by the DISTRICT before such Additional Services are performed by the ARCHITECT, and compensated based on hourly rates listed in Exhibit "D". No compensation shall be paid to the ARCHITECT for any Additional Services that are not previously approved by the DISTRICT in writing. Additional Services may include:

a. Making material revisions in drawings, specifications or other documents when such revisions are required by the enactment or revision of laws, rules, or regulations subsequent to the preparation and completion of the Construction Documents;

b. Preparing drawings, specifications and other documentation and supporting data, and providing other services in connection with change orders required by causes beyond the control of the ARCHITECT which are not the result of the direct or indirect negligence, errors, or omissions on the part of the ARCHITECT;

c. Providing consultation concerning the replacement of work damaged by fire and furnishing services required in connection with the replacement of such work;

d. Providing services made necessary by the default of the Contractor, which does not arise directly or indirectly from negligence, errors, or omissions of ARCHITECT;

e. If the DISTRICT requests the PROJECT be let on a segregated basis after the completion of Design Development Phase where segregation does not arise from ARCHITECT exceeding the estimated Budget constraint, then plan preparation and/or contract administration work to prepare the segregated plans is an Additional Service subject to prior negotiation and written approval by the DISTRICT;

f. Providing contract administration services after the construction Contract time (including any Governmental Delay Float as addressed in the General Conditions of the Construction Contract with Contractor) has been exceeded through no fault of the ARCHITECT, where it is determined that the fault is that of the Contractor, and liquidated damages are collected therefor. The

ARCHITECT's compensation is expressly conditioned on the lack of fault of the ARCHITECT and payment will be made upon collection of liquidated damages from the Contractor. Payment of the ARCHITECT shall be made from collected liquidated damages;

g. Providing BIM documents that exceeds LOD 200; and

h. Providing any other services not otherwise included in this AGREEMENT or not customarily furnished in accordance with generally accepted architectural practice.

2. If authorized in writing by the DISTRICT, the ARCHITECT shall provide one or more PROJECT representatives to assist in carrying out more extensive representation at the site than is described in Article II. The PROJECT representative(s) shall be selected, employed, and directed by the ARCHITECT, and the ARCHITECT shall be compensated therefor as agreed by the DISTRICT and ARCHITECT. Through the observations of such PROJECT representative(s), the ARCHITECT shall endeavor to provide further protection for the DISTRICT against defects and deficiencies in the work, but the furnishing of such PROJECT representation shall not modify the rights, responsibilities, or obligations of the ARCHITECT as described elsewhere in this AGREEMENT. Such services shall be negotiated and approved in writing by the DISTRICT.

#### **ARTICLE IV - DISTRICT'S RESPONSIBILITIES**

1. The DISTRICT shall provide to the ARCHITECT information regarding requirements for the PROJECT, including information regarding the DISTRICT's objectives, schedule, and budget constraints, as well as any other criteria provided by the DISTRICT.

2. Prior to the Schematic Design Phase, the ARCHITECT shall prepare a current overall budget for the PROJECT which shall include the Construction Cost budget for the PROJECT. The overall budget shall be based upon the DISTRICT's objectives, schedule, budget constraints, and any other criteria that are provided to the ARCHITECT by the DISTRICT pursuant to Article IV, Section 1, above. The DISTRICT shall approve the Construction Cost budget prepared by the ARCHITECT pursuant to this Section and this shall be the "Budget" for the PROJECT as set forth in this AGREEMENT.

3. The DISTRICT shall notify the ARCHITECT of administrative procedures required and name a representative authorized to act on its behalf. The DISTRICT shall promptly render decisions pertaining thereto to avoid unreasonable delay in the progress of the PROJECT. The DISTRICT shall observe the procedure of issuing any orders to Contractors only through the ARCHITECT.

4. The DISTRICT shall give prompt written notice to the ARCHITECT if the DISTRICT becomes aware of any fault or defect in the PROJECT or nonconformance

with the Construction Documents. However, the DISTRICT's failure or omission to do so shall not relieve the ARCHITECT of the ARCHITECT's responsibilities under Title 21, Title 24, and the Field Act hereunder. The DISTRICT shall have no duty to observe, inspect, or investigate the PROJECT.

5. The proposed language of certifications requested of the ARCHITECT or ARCHITECT's consultants shall be submitted to the ARCHITECT for review and approval at least fourteen (14) days prior to execution.

#### **ARTICLE V - COST OF CONSTRUCTION**

1. During the Schematic Design, Design Development, and Construction Document Phases, the ARCHITECT's estimates of Construction Cost shall be reconciled against the Budget approved by the DISTRICT pursuant to Article IV, Section 2.

2. The PROJECT's "Construction Cost," as used in this AGREEMENT, means the total cost to the DISTRICT of all work designed or specified by the ARCHITECT, which includes the total award from the initial construction Contract(s) plus the work covered by approved change orders and/or any alternates approved by the DISTRICT. The Construction Cost shall not include any costs that are not specifically referenced in this Article V, Section 2, as approved costs. Costs excluded from the Construction Cost include, but are not limited to, payments to the ARCHITECT or other DISTRICT consultants, costs of inspections, surveys, tests, and landscaping not included in PROJECT.

3. If the PROJECT is using the multiple-prime delivery method of construction, the Construction Manager's fees and/or general conditions will only be included in the total Construction Cost used to calculate the ARCHITECT's fee only if agreed upon in writing by the DISTRICT. Absent any written agreement, the Construction Manager's fees or general conditions shall not be included in the total Construction Cost used to calculate the ARCHITECT's fee.

4. When labor or material is furnished by the DISTRICT below its market cost, the Construction Cost shall be based upon current market cost of labor and new material.

5. The Construction Cost shall be the acceptable estimate of Construction Costs to the DISTRICT as submitted by the ARCHITECT until such time as bids have been received, whereupon it shall be the bid amount of the lowest responsible responsive bidder.

6. Any Budget or fixed limit of Construction Cost shall be adjusted if the bidding has not commenced within ninety (90) days after the ARCHITECT submits the Construction Documents to the DISTRICT to reflect changes in the general level of

prices in the construction industry between the date of submission of the Construction Documents to the DISTRICT and the date on which bids are sought for the PROJECT.

7. If the lowest bid received exceeds the Budget:
  - a. The DISTRICT may give written approval of an increase of such fixed limit and proceed with the construction of the PROJECT;
  - b. The DISTRICT may authorize rebidding of the PROJECT within a reasonable time;
  - c. If the PROJECT is abandoned, the DISTRICT may terminate this AGREEMENT in accordance with Article VIII, Section 2;
  - d. The DISTRICT may request the ARCHITECT prepare, at no additional cost, deductive change packages that will bring the PROJECT within the Budget; or
  - e. The DISTRICT may request the ARCHITECT cooperate in revising the PROJECT scope and quality as required to reduce the Construction Cost.

8. If the DISTRICT chooses to proceed under Article V, Section 7(e), the ARCHITECT, without additional charge, agrees to redesign the PROJECT until the PROJECT is brought within the Budget set forth in this AGREEMENT. Redesign does not mean phasing or removal of parts of the PROJECT unless agreed to in writing by the DISTRICT. Redesign means the redesign of the PROJECT, with all its component parts, to meet the Budget set forth in this AGREEMENT.

#### **ARTICLE VI - ESTIMATE OF PROJECT CONSTRUCTION COSTS**

1. Estimates referred to in Article II shall be prepared on a square foot/unit cost basis, or more detailed computation if deemed necessary by the DISTRICT, considering prevailing construction costs and including all work for which bids will be received. It is understood that the PROJECT Construction Cost is affected by the labor and/or material market as well as other conditions beyond the control of the ARCHITECT or DISTRICT.

2. The ARCHITECT shall prepare and review the ARCHITECT's estimates of Construction Cost at each phase of the ARCHITECT's services. The ARCHITECT shall provide the DISTRICT with a written evaluation of the estimates at each phase of the ARCHITECT's services. The ARCHITECT's written evaluations shall, among other things, evaluate how the estimates compare to the Budget. If such estimates are in excess of the Budget, the ARCHITECT shall revise the type or quality of construction with approval from the DISTRICT to come within the Budget at no additional cost to the DISTRICT. The ARCHITECT's initial budget and scope limitations shall be realistic and be reviewed with the DISTRICT prior to formalization.

## **ARTICLE VII - ARCHITECT'S DRAWINGS AND SPECIFICATIONS**

1. All documents including, but not limited to, plans, drawings, specifications, record drawings, models, mock-ups, renderings and other documents (including all computer files, BIM files and/or AutoCAD files) prepared by the ARCHITECT or the ARCHITECT's consultants for this PROJECT, shall be and remain the property of the DISTRICT pursuant to Education Code section 17316 for the purposes of repair, maintenance, renovation, modernization, or other purposes as they relate to the PROJECT. The DISTRICT, however, shall not be precluded from using the ARCHITECT's or ARCHITECT's consultant's documents enumerated above for the purposes of additions, alignments, or other development on the PROJECT site.

2. If DISTRICT intends to reuse ARCHITECT's plans, specifications, or other documents for a project or projects other than that which is the subject of this AGREEMENT, and for which the ARCHITECT is not the architect of record, a fee of three percent (3%) of the Construction Costs shall be paid to the ARCHITECT for such reuse. In the event of such reuse or modification of the ARCHITECT's drawings, specification, or other documents by any person, firm, or legal entity, the DISTRICT agrees to indemnify, defend, and hold the ARCHITECT harmless from and against any and all claims, liabilities, suits, demands, losses, costs, and expenses, including, but not limited to, reasonable attorneys' fees accruing to, or resulting from, any and all persons, firms, or any other legal entity, on account of any damage or loss to property or persons including, but not limited to, death arising out of such unauthorized use, reuse or modification of the ARCHITECT's drawings, specifications, or other documents. The DISTRICT further agrees to remove the names and seals of the ARCHITECT and the ARCHITECT's consultants from the title block and signature pages. The DISTRICT, however, may use the ARCHITECT's plans and documents as enumerated in this Article as reference documents for the purposes of additions, alignments, or other development on the PROJECT site. Prior to reuse of the ARCHITECT's documents for any project other than an addition, alignment, or other development on the PROJECT site, the DISTRICT agrees to notify the ARCHITECT in writing of such reuse.

## **ARTICLE VIII - TERMINATION**

1. This AGREEMENT may be terminated by either PARTY upon fourteen (14) days' written notice to the other PARTY in the event of a substantial failure of performance by such other PARTY, including insolvency of the ARCHITECT, or if the DISTRICT should decide to abandon or indefinitely postpone the PROJECT.

2. In the event of a termination based upon abandonment or postponement by DISTRICT, the DISTRICT shall pay the ARCHITECT for all services performed and all expenses incurred under this AGREEMENT supported by documentary evidence, including payroll records and expense reports, up until the date of the abandonment or postponement, plus any sums due the ARCHITECT for Board approved Additional Services. In ascertaining the services actually rendered hereunder up to the date of

termination of this AGREEMENT, consideration shall be given to both completed work and work in process of completion and to complete and incomplete drawings and other documents, whether delivered to the DISTRICT or in the possession of the ARCHITECT. In the event termination is for a substantial failure of performance, all damages and costs associated with the termination, including increased consultant and replacement architect costs, shall be deducted from payments due the ARCHITECT.

3. In the event a termination for cause is determined to have been made wrongfully or without cause, then the termination shall be treated as a termination for convenience in accordance with Article VIII, Section 4, below, and ARCHITECT shall have no greater rights than it would have had if a termination for convenience had been effected in the first instance. No other loss, cost, damage, expense, or liability may be claimed, requested, or recovered by ARCHITECT.

4. This AGREEMENT may be terminated without cause by the DISTRICT upon fourteen (14) days' written notice to the ARCHITECT. In the event of a termination without cause, the DISTRICT shall pay the ARCHITECT for all services performed and all expenses incurred under this AGREEMENT supported by documentary evidence, including payroll records and expense reports, up until the date of notice of termination plus any sums due the ARCHITECT for Board-approved Additional Services. In ascertaining the services actually rendered hereunder up to the date of termination of this AGREEMENT, consideration shall be given to both completed work and work in process of completion and to complete and incomplete drawings and other documents, whether delivered to the DISTRICT or in the possession of the ARCHITECT. In addition, ARCHITECT will be reimbursed for reasonable termination costs through the payment of 3% beyond the sum due the ARCHITECT under this Section through 50% completion of the ARCHITECT's portion of the PROJECT and, if 50% completion is reached, payment of 3% of the unpaid balance of the contract to ARCHITECT as termination cost. This 3% payment is agreed to compensate the ARCHITECT for the unpaid profit ARCHITECT would have made under the PROJECT on the date of termination and is consideration for entry into this termination for convenience clause.

5. In the event of a dispute between the PARTIES as to performance of the work or the interpretation of this AGREEMENT, or payment or nonpayment for work performed or not performed, the PARTIES shall attempt to resolve the dispute. Pending resolution of this dispute, ARCHITECT agrees to continue the work diligently to completion. If the dispute is not resolved, ARCHITECT agrees it will neither rescind the AGREEMENT nor stop the progress of the work, but ARCHITECT's sole remedy shall be to submit such controversy to determination by a court having competent jurisdiction of the dispute after the PROJECT has been completed, and not before.

#### **ARTICLE IX - ACCOUNTING RECORDS OF THE ARCHITECT**

1. Records of the ARCHITECT's direct personnel and reimbursable expenses pertaining to the services performed on this PROJECT and records of accounts between the DISTRICT and Contractor shall be kept on a generally

recognized accounting basis and shall be available to the DISTRICT or his authorized representative at mutually convenient times.

### **ARTICLE X - COMPENSATION TO THE ARCHITECT**

The DISTRICT shall compensate the ARCHITECT as follows:

1. The ARCHITECT's fees for performing Additional Services related to change orders are paid as approved by the DISTRICT's Board. If a change order is approved without ARCHITECT fee, no fee will be paid to the ARCHITECT unless negotiated and approved prior to commencing the change order-related services.

2. The ARCHITECT's compensation for performing all the Basic Services required by this AGREEMENT including, but not limited to, those services detailed in Article I and II and Exhibit "A", The ARCHITECT's compensation for performing all the Basic Services required by this AGREEMENT shall be disbursed on a monthly basis based on the phasing schedule in Exhibit "B". The ARCHITECT and its consultants shall maintain time sheets detailing information including, but not limited to, the name of the employee, date, a description of the task performed in sufficient detail to allow the DISTRICT to determine the services provided, and the time spent for each task. The DISTRICT and ARCHITECT may otherwise mutually agree, in writing, on alternative types of information and levels of detail that may be provided by the ARCHITECT and its consultants pursuant to this Article X.

3. The ARCHITECT shall invoice all fees and/or costs monthly for the Basic Services that are provided in accordance with this AGREEMENT from the time the ARCHITECT begins work on the PROJECT. The ARCHITECT shall submit one (1) invoice monthly to the DISTRICT detailing all the fees associated with the applicable progress to completion percentage, reimbursable expenses (if any), and Additional Services (if any) incurred for the monthly billing period. Invoices requesting reimbursement for expenses incurred during the billing period must clearly list items for which reimbursement is being requested and be accompanied by proper documentation (e.g., receipts, invoices), including a copy of the DISTRICT's authorization notice for the invoiced item(s), if applicable. Invoices requesting payment for Additional Services must reflect the negotiated compensation previously approved by the DISTRICT and include a copy of the DISTRICT's written authorization notice approving the Additional Services and the additional compensation approved by the DISTRICT. No payments will be made by the DISTRICT to the ARCHITECT for monthly invoices requesting reimbursable expenses or Additional Services absent the prior written authorization of the DISTRICT. The DISTRICT's prior written authorization is an express condition precedent to any payment by the DISTRICT for Additional Services or reimbursable expenses and no claim by the ARCHITECT for additional compensation related to Additional Services or reimbursable expenses shall be valid absent such prior written approval by the DISTRICT.

4. To the extent that the time initially established for the completion of ARCHITECT's services is exceeded or extended through no fault of the ARCHITECT, compensation for any services rendered during the additional period of time shall be negotiated and subject to the prior written approval of the DISTRICT. Assessment and collection of liquidated damages from the Contractor is a condition precedent to payment for extra services arising from Contractor-caused delays.

#### **ARTICLE XI - REIMBURSABLE EXPENSES**

1. Reimbursable expenses are in addition to compensation for basic and extra services, and shall be paid to the ARCHITECT with five percent (5%) mark up on actual expenses incurred by the ARCHITECT, the ARCHITECT's employees and consultants for the following specified items:

a. Approved reproduction of drawings and specifications in excess of the copies provided by this AGREEMENT which includes all the sets of the Construction Documents and all progress prints; and

b. Approved agency fees.

2. Reimbursable Expenses shall not include the following specified items or any other item not specifically identified in Article XI, Section 1 above:

a. Travel expenses;

b. Check prints;

c. Prints or plans or specifications made for ARCHITECT's consultants and all progress prints;

professionals and/or consultants as determined by the ARCHITECT and acceptable to the DISTRICT. All consultant services shall be provided at the ARCHITECT's sole expense. The ARCHITECT shall be responsible for the coordination and cooperation of all architects, engineers, experts or other consultants employed by the ARCHITECT. The ARCHITECT shall ensure that its engineers and/or other consultants file the required Interim Verified Reports, Verified Report and other documents that are necessary for the PROJECT's timely inspection and close-out as required by the applicable governmental agencies and/or authorities having jurisdiction over the PROJECT including, but not limited to, DSA. The ARCHITECT shall ensure that its engineers and consultants observe the construction of the PROJECT during the course of construction, at no additional cost to the DISTRICT, to maintain such personal contact with the PROJECT as is necessary to assure such engineers and consultants that the Contractor's work is being completed, in every material respect, in compliance with the DSA approved Construction Documents (in no case shall the number of visits be less than once every week or as necessary to observe work being completed in connection with each block/section of a PIC so such engineers and consultants can verify that the work does or does not comply with the DSA approved Construction Documents, whichever is greater).

2. The ARCHITECT shall submit, for written approval by the DISTRICT, the names of the consultants and/or consultant firms proposed for the PROJECT. The ARCHITECT shall notify the DISTRICT of the identity within Exhibit "C" of all design professionals and/or consultants in sufficient time prior to their commencement of services to allow the DISTRICT a reasonable opportunity to review their qualifications and object to their participation on the PROJECT if necessary. The ARCHITECT shall not assign or permit the assignment of any design professionals, engineers, or other consultants to the PROJECT to which DISTRICT has a reasonable objection. Approved design professionals and/or consultants shall not be changed without the prior written consent of the DISTRICT. Nothing in this AGREEMENT shall create any contractual relation between the DISTRICT and any consultants employed by the ARCHITECTS under the terms of this AGREEMENT.

3. ARCHITECT's consultants shall be licensed to practice in California and have relevant experience with California school design and construction during the last five years. If any employee or consultant of the ARCHITECT is not acceptable to the DISTRICT, then that individual shall be replaced with an acceptable competent person at the DISTRICT's request.

4. The construction administrator or field representative assigned to the PROJECT by the ARCHITECT shall be licensed as a California Architect and able to make critical PROJECT decisions in a timely manner and shall be readily available and provide by phone, facsimile, and through correspondence, design direction and decisions when the construction administrator is not at the site.

### **ARTICLE XIII – MISCELLANEOUS**

1. The ARCHITECT shall make a written record of all meetings, conferences, discussions, and decisions made between or among the DISTRICT, ARCHITECT, and Contractor during all phases of the PROJECT and concerning any material condition in the requirements, scope, performance and/or sequence of the work. The ARCHITECT shall provide a copy of such record to the DISTRICT.

2. To the fullest extent permitted by law, ARCHITECT agrees to indemnify and hold the DISTRICT harmless from all liability arising out of:

a. Workers' Compensation and Employer's Liability. Any and all claims under Workers' Compensation acts and other employee benefit acts with respect to ARCHITECT's employees or ARCHITECT's subcontractor's employees arising out of ARCHITECT's work under this AGREEMENT; and

b. General Liability. To the extent arising out of, pertaining to, or relating to the negligence, recklessness, or willful misconduct of the ARCHITECT, the ARCHITECT shall indemnify, defend and hold the DISTRICT harmless from any liability for damages for (1) death or bodily injury to person; (2) injury to, loss or theft of property; (3) any failure or alleged failure to comply with any provision of law; or (4) any other loss, damage or expense arising under either (1), (2), or (3) above, sustained by the ARCHITECT or the DISTRICT, or any person, firm or corporation employed by the ARCHITECT or the DISTRICT upon or in connection with the PROJECT, except for liability resulting from the sole or active negligence, or willful misconduct of the DISTRICT, its officers, employees, agents, or independent Architects who are directly employed by the DISTRICT. The ARCHITECT, at its own expense, cost, and risk, shall defend any and all claims, actions, suits, or other proceedings (other than professional negligence covered by Section c below) that may be brought or instituted against the DISTRICT, its officers, agents, or employees, to the extent such claims, actions, suits, or other proceedings arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the ARCHITECT, and shall pay or satisfy any judgment that may be rendered against the DISTRICT, its officers, agents, or employees, in any action, suit or other proceedings as a result thereof. Any costs to defend under this Section b shall not exceed the ARCHITECT's proportionate percentage of fault; and

c. Professional Liability. To the extent arising out of, pertaining to, or relating to the negligence, recklessness, or willful misconduct of the ARCHITECT, the ARCHITECT shall indemnify and hold the DISTRICT harmless from any loss, injury to, death of persons, or damage to property caused by any act, neglect, default, or omission of the ARCHITECT, or any person, firm, or corporation employed by the ARCHITECT, either directly or by independent contract, including all damages due to loss or theft, sustained by any person, firm, or corporation, including the DISTRICT, arising out of, or in any way connected with, the PROJECT, including injury or damage either on or off DISTRICT property;

but not for any loss, injury, death, or damages caused by sole or active negligence, or willful misconduct of the DISTRICT. With regard to the ARCHITECT's obligation to indemnify for acts of professional negligence, such obligation does not include the obligation to provide defense counsel or to pay for the defense of actions or proceedings brought against the DISTRICT, but rather to reimburse the DISTRICT for attorneys' fees and costs incurred by the DISTRICT in defending such actions or proceedings brought against the DISTRICT, and such fees and costs shall not exceed the ARCHITECT's proportionate percentage of fault.

d. The PARTIES understand and agree that Article XIII, Section 2, of this AGREEMENT shall be the sole indemnity, as defined by California Civil Code § 2772, between the DISTRICT and the ARCHITECT related to the PROJECT. Any other indemnity that is attached to this AGREEMENT as part of any EXHIBIT shall be void and unenforceable between the PARTIES.

e. Any attempt to limit the ARCHITECT's liability to the DISTRICT in any of the exhibits or attachments to this AGREEMENT shall be void and unenforceable between the PARTIES.

3. ARCHITECT shall purchase and maintain policies of insurance with an insurer or insurers qualified to do business in the State of California and acceptable to DISTRICT, which will protect ARCHITECT and DISTRICT from claims which may arise out of, or result from, ARCHITECT's actions or inactions relating to the AGREEMENT, whether such actions or inactions be by themselves or by any sub-consultant, subcontractor or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable. The aforementioned insurance shall include coverage for:

a. The ARCHITECT shall carry Workers' Compensation and Employers Liability Insurance in accordance with the laws of the State of California. However, such amount shall not be less than ONE MILLION DOLLARS (\$1,000,000).

b. Commercial general and auto liability insurance, with limits of not less than TWO MILLION DOLLARS (\$2,000,000.00) combined single limit, bodily injury and property damage liability per occurrence, including:

1. Owned, non-owned, and hired vehicles;
2. Blanket contractual;
3. Broad form property damage;
4. Products/completed operations; and
5. Personal injury.

c. Professional liability insurance, including contractual liability, with limits of TWO MILLION DOLLARS (\$2,000,000.00) per claim. Such insurance shall be maintained during the term of this AGREEMENT and renewed for a

period of at least five (5) years thereafter and/or at rates consistent with the time of execution of this AGREEMENT adjusted for inflation. In the event that ARCHITECT subcontracts any portion of ARCHITECT's duties, ARCHITECT shall require any such subcontractor to purchase and maintain insurance coverage as provided in this Section. Failure to maintain professional liability insurance is a material breach of this AGREEMENT and grounds for immediate termination.

d. Valuable Document Insurance. The ARCHITECT shall carry adequate insurance on all drawings and specifications as may be required to protect the DISTRICT in the amount of its full equity in those drawings and specifications, and shall file with the DISTRICT a certificate of that insurance. The cost of that insurance shall be paid by the ARCHITECT, and the DISTRICT shall be named as an additional insured.

e. Each policy of insurance required under Article XIII, Section 3(b), above, shall name the DISTRICT and its officers, agents, and employees as additional insureds; shall state that, with respect to the operations of ARCHITECT hereunder, such policy is primary and any insurance carried by DISTRICT is excess and non-contributory with such primary insurance; shall state that not less than thirty (30) days' written notice shall be given to DISTRICT prior to cancellation; and, shall waive all rights of subrogation. ARCHITECT shall notify DISTRICT in the event of material change in, or failure to renew, each policy. Prior to commencing work, the ARCHITECT shall deliver to DISTRICT certificates of insurance as evidence of compliance with the requirements herein. In the event the ARCHITECT fails to secure or maintain any policy of insurance required hereby, the DISTRICT may, at its sole discretion, secure such policy of insurance in the name of, and for the account of, ARCHITECT, and in such event ARCHITECT shall reimburse DISTRICT upon demand for the cost thereof.

f. In the event that the ARCHITECT subcontracts any portion of the ARCHITECT's duties, the ARCHITECT shall require any such subcontractor to purchase and maintain insurance coverage for the types of insurance referenced in Article XIII, Sections 3(a), (b), (c) and (d), in amounts which are appropriate with respect to that subcontractor's part of work which shall in no event be less than \$500,000 per occurrence. The ARCHITECT shall not subcontract any portion of the ARCHITECT's duties under this AGREEMENT without the DISTRICT's prior written approval. Specification processing consultants are the only subcontractors exempt from maintaining professional liability insurance.

g. All insurance coverage amounts specified hereinabove shall cover only risks relating to, or arising out of, the PROJECT governed by this particular AGREEMENT. The insurance and required amounts of insurance specified above shall not be reduced or encumbered on account of any other projects of the ARCHITECT.

4. The ARCHITECT, in the performance of this AGREEMENT, shall be and act as an independent contractor. The ARCHITECT understands and agrees that the ARCHITECT and all of the ARCHITECT's employees shall not be considered officers, employees, or agents of the DISTRICT, and are not entitled to benefits of any kind or nature normally provided employees of the DISTRICT and/or to which DISTRICT's employees are normally entitled including, but not limited to, State Unemployment Compensation or Workers' Compensation. ARCHITECT assumes the full responsibility for the acts and/or omissions of the ARCHITECT's employees or agents as they relate to the services to be provided under this AGREEMENT. The ARCHITECT shall assume full responsibility for payment of all federal, state and local taxes or contributions, including unemployment insurance, social security, and income taxes for the respective employees of the ARCHITECT.

5. Notices. All notices or demands to be given under this AGREEMENT by either PARTY to the other shall be in writing and given either by: (a) personal service; or (b) U.S. Mail, mailed either by registered, overnight, or certified mail, return receipt requested, with postage prepaid. The Contractor shall be liable to the CJUSD for any damages arising as a result of a failure to comply with that obligation, and the Contractor shall not be excused with respect to any failure to so comply by an act or omission of the Architect, Engineer, Inspector, Division of the State Architect (DSA), or representative of any of them, unless such act or omission actually prevents the Contractor from fully complying with the Contract Documents and the Contractor protests, in accordance with the Contract Documents, that the act or omission is preventing the Contractor from fully complying with the Contract Documents. Such protest shall not be effective unless reduced to writing and filed with the CJUSD Facilities office within three (3) days of the date of occurrence of such act or omission preventing the Contractor from fully complying with the Contract Documents.

**ARTICLE 2 - TIME OF COMPLETION:** The Owner may give notice to proceed within ninety (90) days of the award of the bid by the Owner. Once the Contractor has received a notice to proceed, the Contractor shall reach Substantial Completion (See Article 1.1.46) of the Work within seventy six (76) calendar days from receipt of the Notice to Proceed. This shall be called Contract Time. (See Article 8.1.1). It is expressly understood that time is of the essence.

Contractor has thoroughly studied the Project and has satisfied itself that the time period for this Project is adequate for the timely and proper completion of the Project within the Contract time.

In the event that the Owner desires to postpone giving the notice to proceed beyond this ninety (90) day period, it is expressly understood that with reasonable notice to the Contractor, giving the notice to proceed may be postponed by the Owner. It is further expressly understood by the Contractor, that the Contractor shall not be entitled to any claim of additional compensation as a result of the Owner's postponement of giving the notice to proceed.

If the Contractor believes that a postponement will cause hardship to it, the Contractor may terminate the Contract with written notice to the Owner within ten (10) days after receipt by the Contractor of the Owner's notice of postponement. It is further understood by the Contractor that in the event that the Contractor terminates the Contract as a result of postponement by the Owner, the Owner shall only be obligated to pay the Contractor for the work performed by the Contractor at the time of notification of postponement. Should the Contractor terminate the Contract as a result of a notice of postponement, the CJUSD shall have the authority to award the Contract to the next lowest responsible bidder.

**ARTICLE 3 - LIQUIDATED DAMAGES:** It being impracticable and infeasible to determine the amount of actual damage, it is agreed that the Contractor will pay the Owner the sum of **Five Hundred Dollars (\$500)** per calendar day for each and every day of delay beyond the Contract Time set forth in Article 2 of this Agreement as liquidated damages and not as a penalty or forfeiture. In the event Liquidated Damages are not paid, the Contractor further agrees that the Owner may deduct such amount thereof from any money due or that may become due the Contractor under the Contract (See Article 9.6 and 2.2 of the General Conditions).

**ARTICLE 4 - CONTRACT PRICE:** The Owner shall pay to the Contractor as full consideration for the faithful performance of the Contract, subject to any additions or deductions as provided in the Contract Documents, the sum of SIX HUNDRED FORTY ONE THOUSAND THREE HUNDRED NINETY DOLLARS (\$641,390.00), said sum being the total amount stipulated in the Bid Contractor submitted. Payment shall be made as set forth in the General Conditions.

Should any Change Order result in an increase in the Contract Price, the cost of such Change Order shall be agreed to in advance by the Contractor and the Owner, subject to the monetary limitations set forth in Public Contract Code Section 20118.4. In the event that the Contractor proceeds with a Change in work without an agreement between the Owner and Contractor regarding the cost of a Change Order, the Contractor waives any Claim of additional compensation for such additional work.
