

Parental Notification/Opt-out Form School Climate Student Survey:

The School Climate Student Survey is an anonymous survey used to identify school climate strengths and areas of needed growth within our schools. The survey for students includes roughly 25 questions and should take no more than 15-20 minutes to complete. The survey is anonymous, with summarized student-response feedback reported to school site administrators to help improve educational and school climate practices. Individual responses are not reported.

Our desire is to involve parents in their student's education. If you do not wish for your student to participate in this activity, please complete and return this form by **September 2, 2022**. If you would like to review the survey, we can provide you with a copy. If you would like to see a copy of the questions beforehand, please contact: Ryan Miranda at rmiranda@centerusd.org or contact your student's school administrator.

DO NOT complete this form if your child **CAN** participate in this survey.

If you **do not** want your child to participate in this survey, please complete this form by **September 2, 2022**.

I would prefer that my child **NOT** participate in the School Climate Student Survey.
